BOARD OF TRADE.

Committee of Arbitration for week of October.

JNO. WILLIAMS, ROBS CAMPBELL,
CHS. BULLING, H. R. TUCKER, JNO. R. CALWELL.

Monetary and Commercial Society.

BALTIMORE, November 1, 1861

Stocks generally were firm again to-day, but the business at the Board was extremely light, sales being made of only $125 Baltimore City 1890 6's at 83¾, and of 40 shares Northern Central Railway at $17 seller 10 days, this figure being an advance of ¾ a dollar on yesterday's price. For Baltimore and Ohio Railroad $45 was bid, but there was none offered, and Northern Central closed at $16¾ bid, $17 asked regular way. For Railroad bonds the inquiry was limited, but they were generally firm at previous quotations. Northern Central 1885's closed at 89¾ bid, 89¾ asked; Northwestern Virginia first mortgage at 70 bid; Baltimore and Ohio 1875's at 71 bid, and do 1885's at 60 bid. The extra dividend bonds were offered at 50, but no bid was made for them. State and City Stocks were pretty firm, Maryland 6's closing at 86 bid for coupon 1870's; 86½ bid for inscribed do.; and Baltimore City 6's left off at 81 bid 1875's, and 83½ bid for 1890's. For Baltimore Gas Co. $100 was bid, and $101 asked, and most of the Bank Stocks were steady at previous quotations.

There is nothing new to note in the condition of financial affairs. Money continues abundant and paper of the right stamp is easily negotiated at 6 per cent. for endorsed, and 9@12 per cent. for single names. Call loans can be very readily made at 6 per cent. on first class collaterals.

The value of the foreign exports from Baltimore for the week ending on Thursday was $121 714 against $162,223 last week. Included in the exports were 3,061 bbls. flour, 33,125 bushels wheat, 1,493 bushels corn, 211 bbls. and 1,000 kegs lard, and 1,089 hhds. tobacco.

Foreign Exchange is rather flat, and a decline in rates very probable. We quote Sterling to-day at 107⅝ for bankers', and 106¾@106⅞ for commercial bills, and francs at 5 27⅞ for short sight, and 5 22½@5 35 for 60-day bills. We quote bills on Bremen at 77¼@77½; Amsterdam at 39⅝@39⅞; Hamburg at 35½; Cologne at 70½@71; and Frankfort on the Main at 40⅝.

In New York to-day Missouri 6's advanced ¾; Tennessees ¾; Canton ¾; Erie ¾, and New York Central ½, but Virginia 6's and Reading closed at the same figures as on yesterday. Treasury notes sold at 99⅞ for the 6 per cents.

The New York *Herald* of this morning says:

Stocks were more active yesterday, and the commission brokers seemed to have rather more business. In prices, however, the changes were, as a general rule, immaterial. The most active stocks of the day were Central and Erie. The former, which opened at 24¾, the closing price last evening in the street, fell off to 23¾, and closed bid at the Board, and 24¾ bid afterwards in the street; the common stock is worth 33¾, the preferred, on which 7 per cent. must be paid before the common stockholders get anything, should be worth at least 75. The Erie securities were again going to be the favorite football of speculators in our market. Central advanced ¾ from the last price in the street yesterday evening, rumor asserts that some new buyers for this stock have appeared in the market. The Western shares were tolerably active, but regular in price. The Michigan shares were a shade better, but Illinois Central declined ½, Galena ¾, Toledo ¾, and Burlington and Quincy ¾. Toledo sold in the street after the board at 36¾. Milwaukee and Prairie du Chien, which is believed to bedoing very well, rose ¾. Among State stocks the only active description was Missouris, which closed ¾ lower than yesterday, firm: the registered sixes were held ¾ high rat the close, and the fives of 1874 advanced ¾. A steady consumption of these securities is going on. At the close to-day the market was steady.

The money market continues dull, with call loans at 6 @7, and first class short paper at the same rate. Foreign exchange opens very dull. A leading banker sold offered at 106¾@106¾. There is no disposition to operate. We hear, through a leading banking house of a single English subscription to our 7-30 notes for $100,000.

The statements of the banks of the three principal cities of the Union for the last week compare with the previous one and the corresponding time of 1860, as follows:

The Lawrence (Mass.) *Journal* reports that the Atlantic Cotton Mills, in that city, are to resume operations November 10. They will give employment to eleven hundred persons.

The Union Mills at Fall River will start up next Monday, and run the ee days per week.

The American Bank Note Company have about completed the recent order of the Treasury Department for a supplementary issue of $1,500,000 7-30 Treasury notes, of the date of August 19, in small denominations. This supply is intended for future contingencies in the way of exchange, loss, &c. The company will shortly receive instructions to commence the printing of the second fifty millions of the date of October 1.

The Chicago *Tribune* says:

The want of a full supply of legitimate business paper is still the complaint among the leading bankers. Money is plenty, and trade is moving along comfortably. There is no change in quotations. Discounts are made at 10 per cent. and first class produce bills, we presume, would be taken at a fraction below. Exchange is abundant, outside the Board of Trade, rates being par@¼; banks charge ¼. Gold buying ¼@⅜; selling ⅜@¾. The higher figure is charged by the broker for small parcels

The St. Louis *Republican* says:

Money matters were quiet yesterday. Exchange was drooping, and before the close could have been bought for eight premium. Demand Treasury notes, payable in the East, were more abundant, and 105 in bankable funds offered for them, but declined. One creditor of the Government was so lucky as to receive a check from Washington, on the Sub Treasury, for over $2 000. The paper of the four discredited banks is appreciating in the market, sales having been effected, in different parcels, at 5 to 10 per cent. below bankable funds.

It is understood that about $45,000 were paid to the city on Saturday on account of taxes.

The Milwaukee *Sentinel* says:

Notwithstanding the immense receipts of wheat yesterday, the shipments were light, the offerings of produce paper light, exchange comparatively scarce, and readily bringing ¼ per cent. premium at the banks, and selling at 1 per cent. Currency, just at present, is not at all scarce, but with a degree of activity in the produce market in any way commensurate with the receipts, our banks would doubtless find employment for all their available resources. We quote gold at 1¼ per cent. premium, and in good demand; Treasury notes ¼ per cent. premium.

REVIEW OF THE
BALTIMORE MARKETS
FOR THE WEEK ENDING NOVEMBER 1.

ALCOHOL.—Alcohol is steady at 43 cts. for 95 per cent. We note sales this week of 50 bbls. at this figure.

BRIMSTONE.—There is no Brimstone here, and we are unable to give a quotation for it.

BREAD.—Bread is unchanged in price and it is still selling at 4½ cts. for Navy; 5 cts. for Pilot; and 6½ cts. for Water Crackers, less the usual discount. There is a moderate business doing in it.

The sales include 150 bags Rio at 16 cts. four months, 1,000 bags do at 15 cts. net, 500 bags do. at 15¾ cts. net, and 600 bags do. at 15⅞ cts. net, making a total for the week of 2 250 bags. We quote to-day as follows, viz: Rio at 14¾ @15 cts. for ordinary; 15¾@16¾ cts. for fair to prime; Laguyra at 17¾@18 cts.; and Java at 21@22cts. per lb. We note the import this week of 3,000 bags Rio per ship "Banshee," and the stock of Rio to-day is labout 20,000 bags.

COTTON.—The demand this week has been fair from our own spinners to supply present wants, with sales of about 600 bales good ordinary to good middling Upland and Gulf at from 21¾ to 22 cts., on a basis of 22cts. cash for middling. The market closes firm with an advancing tendency.

FEATHERS.—Feathers still range at from 30 to 45 cts. per lb., as in quality, but there is very little doing in them

There are no No 1's here, but we quote them nominal at $8.50 per bbl.

FLOUR.—There has been rather more doing in Flour this week than last, but the market has nevertheless generally been quiet, and through the greater part of the week the feeling in it has been rather heavy. Within the last two or three days the demand has increased, and the market has rather stiffened up. Some purchases have been made for export, and all varieties close steady. The sales this week embrace some 1,600 bbls. Howard Street Super at $5.75; 400 to 500 bbls. Ohio do., all choice brands, also at $5 75; 1,000 bbls. Ohio Extra at $6; and 800 bbls. do. at $6 12½ per bbl. A cargo or two of City Mills Flour has also been sold this week, but the particulars of the sale were not permitted to transpire. Howard Street Super closes steady to-day at $5.75, but we quote Ohio do. as closing at $5 62½ for standard, and $5 75 for strictly choice brands. City Mills Super can be readily had at $5 50 per bbl., but there are we believe no sellers at a lower figure. RYE FLOUR.—Rye Flour is in good demand and firm at $4.50@4.75 per bbl., but the receipts are light, and the sales are in a small quantity.

For Wheat prices have been pretty well maintained, but most other varieties of Grain have fallen off in price. At the opening the demand was active, and the market firm, white selling at 70@71 cts., and yellow at 66@67 cts., but subsequently the demand slackened up, and prices fell off materially, particularly for white, this description having sold for some days past at from 65 to 68 cts, and it closed to-day dull at the inside figure. Yellow sold to-day at 63 @64 cts per bushel.

OATS.—Oats continue to arrive very freely, and the receipts this week add up about 50,000 bushels.
