COFFEE.—There has been some inquiry this week for Coffee, but the transactions in it have nevertheless been light, the sales embracing only some 500 to 600 bags Rio at from 15 to 16 cts. Holders generally are quite indifferent about selling except at extreme rates, and at the present very high prices, buyers purchase only to supply their immediate wants. We quote as follows, viz: Rio at 14¾@15 cts for ordinary; 15¾@16¾ cts. for fair to prime; Laga gra at 17¾@18 cts; and Java at 21@22cts. per lb. FLOUR.—There has been a moderate inquiry this week for Howard Street and Ohio Flour, but for City Mills do the market has throughout it been quite dull. Both Howard Street and Ohio Flour is scarce, and as an advance in railroad freights is quite probable, any material decline in these descriptions is hardly to be looked for. The sales of Flour this week add up about 6,000 bbls, and they include 500 bbls. Ohio and Howard Street Super at $5 62½; 1,000 bbls do. cut Extra at $5.75; 2,000 bbls. BACON.—Some sales have been made this week to Government, but to what extent, and at what prices, we have not been able to learn. We notice also a sale of 25 bbls. Shoulders at 5¼ cts., and of about 100 hhds. Shoulders and Sides in small lots at 5¼@5½ cts. for the former, and 6¾ cts. for the latter. Sides can, however, be bought in round lots at 6¾@6¾ cts. SUGARS.—The sales of Sugars this week embrace a lot of 317 hhds. Cuba and Porto Rico part for refining at from 6¾ @7¾ to 8 50, that at the inside figure being damaged, and 58 hhds. Porto Rico at $8 62½. The stock of Sugars here is substantially light, and the market is in consequence very firm in tone, although the demand is for the most being active. We quote as follows, viz: Cuba at $8@8 25 for refining, and $8 50@9 for grocery grades; Porto Rico and New Orleans at $8 50@9 50; and current qualities of Manilla and Pernambuco at $8@8.25. We note the import this week of 212 hhds. from Boston.

REFINED SUGARS.—The quotations for Refined Sugars are still as follows, viz: 11¼@11½ cts. for loaf; 10¾@ 10¾ cts. for crushed, powdered and granulated; 10¾@ 10¾ cts. for soft crushed wh te; and 9¾@10 cts per lb. for C yellow.

TALLOW.—There have been some considerable sales of Tallow made recently at 9¾ cts. per lb for City rendered, and this figure could be obtained for more, but there is now none here.

TOBACCO—There has been less business doing in Tobacco this week, owing to the fact that there are no stocks on hand, and purchasers depend on the daily receipts, which being small, and not always of a quality suited to the wants of individual shippers, sell with less animation than if the market were well supplied. The demand for Maryland Tobacco this week has been quite fair, and some hogsheads of the new crop, received this week, have been taken by shippers in small lots for samples. These receipts enable us to form some opinion of the crop just gathered in which, we learn, is light and of desirable quality, but rather deficient in the brightness of color which distinguished the crop of last year. It is thought, however, that new and improved modes of curing may remedy this defect, as in some cases a bright yellow color is obtained. Maryland Ground Leaf comes in freely, and sells at $4 50@11, which prices are considered unusually high, but not improperly so, as the present crop is said to be the best which has been brought to market for several years past. We quote Maryland as before, viz: Inferior and common $4@5; good common $5@5.50; middling fine $6@7.50; good and fine brown $7 50@10; extra fine $11@ 12. The crop of Bay Tobacco, from the upper parts of Maryland, is nearly all in. The receipts find ready sale at former quotations, viz: tips $3@4; seconds $3@6 for red $8@15; spangled $6@11; and yellow $12@14 The crop of Ohio has nearly all been brought to market, a few scattering hogsheads only being on the way hither.—The sales of the week are about 200 hhds, which sell at very little in the hands of agents. We continue last week's quotations, viz: Inferior to good common $3 50@ 4.50; red and spangled $5@6; good and fine red and spangled $7.50@10.50; and yellow $10@12 50. No sales of Kentucky Tobacco this week. We quote, viz: Common logs $8@5.50; good light heavy $8 50@9 50; common and good leaf $9.50@11.50, fine do $12.50@13.50; and choice $14 50@16 50. The inspections of the week are 702 hhds.

WOOL.—Wool continues active and firm, especially the lower grades. The receipts are increasing, but the demand is more than equal to the supply. We quote unwashed to day at 34@36 cts., tub washed at 45@50 cts., pulled at 38@41 cts., and common fleece at 45@48 cts. Of the finer grades there are no sales making, and it is impossible to give correct quotations for them.

WHISKEY.—Whiskey has through the week been dull and heavy. There have been sales in lots of some 400 to 500 bbls Ohio at 22 cts., at which figure it closes to-day. No sales of City have been reported, but it has been quoted through the week at 21@22 cts., and it closes dull at these figures.

FREIGHTS.—Freights are dull and generally lower. The Bremen ship "Carl" has been taken up this week for Liverpool at 3s. 3d. for flour, 10½d. for grain, and 3s. 6d. for tobacco, these figures being a material decline on previous quotations No engagements have been made for other points, but we quote to Cork and a market at 1s4. for grain, to Bremen at 3s. 6d., and to Holland at 40s. for tobacco for foreign bottoms. In American bottoms freight can be obtained at lower rates than are above quoted to all points.
