IN THE CIRCUIT COURT FOR BALTIMORE CITY.—JAMES S. FORBES vs. MARY C. RAVEN.—The object of this proceeding is to obtain a decree for the sale of certain property on Gilson street, in the city of Baltimore, for payment of an unpaid balance of purchase money. The bill states that the complainant, on the 11th day of November, 1857, contracted with the defendant to lease to her a certain lot of ground, fronting 18 feet 9 inches on the southwest side of Gilson, (otherwise called Eutaw) street, running back to Morris alley, in said city, for a term of forty-nine years renewable, subject to an annual rent of time for $3,000. That the defendant contracted in consideration of leases, to pay the complainant $6 00; and paid to him $3 00 thereof in cash, and for the balance executed and delivered her four promissory notes, dated October 4, 1857, for $250 each, payable 1, 2, 3 and 4 years after date, bearing interest semi-annually, and that the defendant has executed and delivered to the complainant a bond of conveyance in the usual form, conditioned for the performance of said contract on his part, and put her in possession of the property. That all of said purchase money notes are over due; and there remain unpaid in the hands of the complainant, three notes for $250 each, payable on 2, 3 and 4 years from October 4, 1857, and two interest notes for $22.50 each, payable at 42 and 48 months from said date, and that the defendant has removed out of the State of Maryland, and now resides in parts unknown to the complainant. He therefore asks a decree for the sale of said lot, for the payment of said overdue purchase money, and for a ratification of said bond, and warning him to appear in this cause, be published in some newspaper in Baltimore, once a week for four successive weeks before the 1st day of February next, give notice to said absent defendant of the object and substance of this suit, and warn her to appear in this court in person or by solicitor, on or before the 5th day of May, 1862, to answer the same, and show cause, if any she has, why a decree should not pass as prayed.

IN THE CIRCUIT COURT FOR BALTIMORE CITY, DECEMBER 4th, 1861.—MARY WIGAN vs. MARY WIGAN.—The object of this suit is to procure a divorce *a vinculo matrimonii*. The bill states the defendant was married deceitfully and adulterously, and avers that the defendant resides out of the State of Maryland.

It is therefore ordered that notice be inserted in some newspaper published in Baltimore, once a week for three successive weeks before the 4th day of January next, be given to the said defendant of the object and substance of said bill, and warning him to appear in this court on or before the 6th day of April next, to show cause, if any he have, why a divorce sought not to be granted as prayed.

TREGO'S CEREAL AND PLANT FOOD AND RUST PREVENTIVE,

TESTED AND APPROVED BY

DAVID STEWART, M. D.

CHEMIST

MARYLAND STATE AGRICULTURAL SOCIETY.

SOLD BY

V. MALCOM & CO., General Agents,

BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and specifically adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food:"

FORT PENN, Del., Sept. 7, 1861.

Messrs. TREGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the *shooting* of the grain, giving the appearance of portraits the number of plants from the same number of seed; the earlier ripening or maturity of the crop where the PLANT FOOD was applied; the stoutness and height of the plant and the straw, all told the same story, viz: that the PLANTS there had room, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as a top dressing.

Yours respectfully, DAVID STEWART,
Professor of Agricultural Chemistry,
St. John's College.

NORTH EAST, Md., Sept. 5, 1861.

Messrs. WM. TREGO & SON, Baltimore:

I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to corn in the hill, putting in a very small quantity in each hill; the crop proved much better and more advanced of that on the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or Bones—and shall so recommend it.

Yours respectfully, RUSSELL THOMAS.

The PLANT FOOD is put up in substantial bags of 150 lbs each.
