From the National Intelligencer, Jan. 6.

HOW TO DISPOSE OF THE PRIVATEERSMEN.

Judge Daly, of New York, who from the first outbreak of the secession war has been distinguished for his patriotic zeal in the national cause, has just addressed an able letter to Mr. Senator Harris in opposition to the enforcement of our municipal laws against the Southern privateers any more than against the soldiers on land who have committed the crime of treason against their country. We extract a few paragraphs from the letter as it is published in the New York *Tribune*, which journal characterizes it as "a lucid and strong argument," adding that "whatever opinions individuals may hold, or in whatever direction they may be inclined to look by their prejudices against disloyalty, it will be impossible for them to avoid giving some heed to the weighty words of the Judge."

We quote from the letter as follows:

"What is the difference between the Southern soldier who takes up arms against the Government of the United States upon the land and the Southern privateersman who does the same upon the water? Practically there is none; and if one should be held and exchanged as a prisoner of war the other is equally entitled to the privilege. The court before which the crew of the Jefferson Davis were convicted as pirates held that they could not be regarded as privateers; upon the ground that they were not acting under the authority of an independent State with the recognized rights of sovereignty. This objection applies to the man-of-war's men in the Southern fleets and to every soldier in the Southern army, none of whom are acting under the authority of a recognized Government. The Constitution defines treason to be the levying of war against the United States and the giving of aid and comfort to its enemies. All of them are engaged in doing this; and although the Southern privateersman may fall specifically under the provisions of the act defining piracy, the guilt of the one is precisely the same as that of the other. The question then arises—as there is in point of fact no difference between them—is every seaman or soldier that shall be taken in arms against the Government to be hung as a traitor or a pirate?

* * * * * * *

It is natural that we should have hesitated to consider the Southern States in the light of belligerents before the rebellion had expanded to its present proportions, but now we cannot, if we would, shut our eyes to the fact that war, and war upon a more extensive scale than usually takes place between contending nations, actually exists. It is now, and it will be continued to be, carried on upon both sides by a resort to all the means and appliances known to modern warfare, and, unless we are to fall back into the barbarism of the Middle Ages, we must observe in its conduct those humane usages in the treatment and exchange of prisoners which modern civilization has shown to be equally the dictates of humanity and of policy.

* * * * * * *

"The existing embarrassment is easily overcome; further prosecutions can be stopped, and in respect to the privateersmen who have been convicted, the President, acting upon the suggestion of the court that tried them, can, by the exercise of the pardoning power, relieve them from their position as criminals, and place them in that of prisoners of war."

The command of the Irish Brigade has been accepted by Gen. James Shields, who arrived at New York from California on Saturday. It is said he will report to headquarters in Washington in a few days.

The United States steam-transport Illinois sailed from New York on Sunday, with the 90th Regiment, Col. Morgan, 950 strong, on board, for Fort Pickens.

The British residents of New York held a meeting at the office of the British Consul on Saturday, and passed resolutions condoling Queen Victoria on the death of Prince Albert.

Charles M. Jefferds and Dr. Moses Lowenberz were sentenced on Saturday in the Court of Sessions in New York by Recorder Hoffman, to suffer death, February 20, 1863.

The New York State Legislature meets at Albany to-day. The session will probably be an interesting one, as many important measures are to be introduced.

The total population of Kentucky, as appears by an official report to the Legislature, is 1,155,713, divided as follows:—whites, 920,077; free colored, 10,146; slaves, 225,490

The Canadians contemplate barricading and fortifying the great Victoria bridge. In case of a war they are fearful that structure would be destroyed.

The number of marriage licenses issued for the city of Washington, during the year 1861, was 836, an increase of 13 over the previous year.

There were twenty-eight deaths among the soldiers in the various hospitals in Washington city during the three days ending on Saturday.

There were not less than fifty thousand persons skating on the Central Park, New York, pond on Sunday last.

Monetary and Commercial Reviews.

BALTIMORE, January 6, 1862

There was but little done at the Stock Board to-day but the leading securities generally were steady. Baltimore 6's were more enquired after than any other Loan, but the only sale was $1,300 of the 1890's at 87¾@87¾; closing at 87¾ bid, 87¾ asked, an advance of ¼ per cent. The loan of 1886 was offered at 86, but there was nothing bid for it, and for Maryland 6's of 1870 inscribed and coupons 90 was bid, but none was offered. Railroad bonds were quiet, but they exhibit a shade more firmness, and Northern Central 1885's closed at 61 bid, 61¼ asked, an advance of ¼ per cent. For Baltimore and Ohio 1862's 49 was bid, 50 asked; for do. 1885's 70 was bid, 73 asked and for Northwestern Virginia first mortgage 1873's 75 was bid, none offered. Railroad shares were a shade firmer, and 200 shares Northern Central sold at $17, seller's option 60 days, and closed at $17¾ bid regular way, $17¾ asked, an advance of 25 cts. Baltimore and Ohio left off on Saturday at $49 bid, $52 asked. For Baltimore Gas $100¾ was bid, none for sale; and for Firemen's Insurance $37 was bid, an advance of ¾, and National advanced ¾, and closed at 36¾ bid, none offered. There was nothing done in Bank stocks, but they show no material change since Saturday. For Copper stocks there was some inquiry, and for Gardner Hill 60 was bid; for Guilford 30 was bid, 40 was asked, and for Springfield $1.65 was bid, $1.70 asked.

In New York to-day the stock market showed a shade more firmness.

The following resolutions were adopted at the meeting of firm. firm.

the associated banks of New York held on Saturday last:

Resolved, That, inasmuch as it is now probable that the Secretary of the Treasury will be compelled to resort to demand notes in payment of government obligations, which notes will largely become the circulating medium of the country, and inasmuch as the banks will be pressed to receive them on deposit and in payment of debts; therefore,

Resolved, That before we consent to receive such notes, we must require that such legal provision be made by Congress as shall insure their speedy redemption, and that a committee of the association be appointed to consider that subject and report to an adjourned meeting.

The duties received at the Philadelphia Custom House during the past year were $1,475,612. In 1860 the duties amounted to $2,543,262, and in 1859 to $2,301,577.

BALTIMORE MARKETS.

COFFEE.—The Coffee market continues very firm in tone, and although there was some inquiry for it, still no sales were effected. We quote to-day as follows, viz: Rio ordinary at 20@22 cts.; good ordinary 20@21 cts. for good to prime; Laguayra at 23@24 cts.; and Java and Ceylon at 24@25 cts. per lb. The stock of Rio is about 15,000 bags, but of other descriptions there is very little here.

FLOUR.—The Flour market was very firm in tone to-day, but there was comparatively but little done, as there were but few shippers inquiring after Flour. The only sales reported on Change were 300 bbls. choice City Mills Super at $5.75, 200 bbls. Ohio Extra at $6.12½, and 300 bbls. choice Howard Street do. at $6.37½@6.50. We quote Super as closing firm at $5.62½@5.75 for Howard Street; $5.50@5.62½ for Ohio; and $5.37½@5.50 per bbl. Family Flour is selling at $6.12½ for Ohio; $6.12½@6.25 for Howard Street; and $6.50 per bbl. for standard City Mills.

FAMILY FLOUR.—Family Flour is still selling by the drayload to the trade at $8.25 for the best brands Baltimore, $6.50@7 for Ohio and Howard Street, and Baltimore high grade Extra is bringing $7.75 per bbl.

RYE FLOUR AND CORN MEAL.—Rye Flour is selling at $4.25 and Corn Meal at $3.20@3.25 per bbl. for both Baltimore and Brandywine.

GRAIN.—The receipts of Grain at the Corn Exchange to day were exceedingly limited, and amounted to only some 17,000 bushels, viz: 2,200 bushels Wheat; 13,000 do. Corn; 1,600 do. Oats, and Rye none. For Wheat the market was steady, but there was not enough offering to supply the wants of either shippers or millers, hence there was no quotable change in prices. We still quote fair to good reds at 125@132 cts., and prime do. at 133@135 cts. Whites may be quoted at 100@123 cts. for common and medium grades; 130@140 cts. for fair to good do., and 145@155 cts. for prime and choice parcels of do. Corn was in good request, and prices ruled firm. Sales were made of some 7,000 bushels at 61@64 cts. for fair to prime new yellow, and 62@65 cts. for do. white. We quote good to prime old white at 68@72 cts. Oats were steady with a good demand for them, and we note sales of 1,500 bushels Maryland at 41@43 cts., and we quote Pennsylvania at 43@44 cts. In Rye there was nothing done, but we quote Maryland at 68@72 cts., and Pennsylvania at 75@78 cts.

MOLASSES.—There was but little or no inquiry for Molasses to-day, and so far as we could learn no transactions took place worthy of note. We quote Cuba Muscovado, Porto Rico and Cienfuegos at 30 cts. for Muscovado, Porto Rico at 34@38 cts.; English Island at 28@36 cts.; and New Orleans at 50@55 cts.

PROVISIONS.—The Provision market was very quiet to-day, and so far as we could learn there was nothing done either with the trade or Government, and in the absence of sales most of our quotations must be considered nominal. Lard may be quoted at 8¼@8¾ cts. for Western Leaf in bbls. and tierces, and we quote new Mess Pork at $12 50@12.75 per bbl. There is no Bulk Meat selling, and we can give no quotations for it, but we quote Bacon at 4@4½ cts. for Shoulders, 6 cts. for Sides, and 6¼@6½ cts. for Hams. Beef may be quoted at $12 50 for No. 1; $13 50 for Mess, and $14 25@14.50 per bbl. for extra Mess.

RICE.—Rice may be quoted at 7¼@7½ cts. for Carolina, but East India is selling in New York at from 5¾ to 6¾ cts., the latter figure being for London dressed.

SALT.—Salt is in fair demand and Liverpool is selling in lots from shipboard and store at 110@115 cts. for Ground Alum, 170@175 cts. for Marshall's, Worthington's and Jeffrey & Duryea's fine, and 195@200 cts. per sack for Ashton's do. Turks Island Salt is selling at 28@30 cts. per bushel from store.

SEEDS.—For Grass Seeds the market is still dull and heavy. There is very little Clover arriving, and it ranges in price at from $4 up to $4.62½ per bushel, the latter figure being for strictly prime parcels. We quote Timothy Seed at $2@2.25 and Flaxseed at $1.60@1.75 per bushel.

SUGARS.—The Sugar market at the present time is exceedingly dull, and so far as we can learn there is but little inquiry for them. We hear of no transactions to-day, but we continue to quote as follows, viz: Cuba at $7.75@8 for refining, and $8.25@9 for grocery grades; English Island at $7.75@8.50; Porto Rico and New Orleans at from $8.25 to $9.75, and Manilla and Pernambuco at $8@8.25. Clayed Cuba Sugars Nos. 9 to 18 range at from $7.87½ to $9.75.

REFINED SUGARS.—The rates for refined Sugars are still as follows, viz: 11¾@11¾ cts. for loaf; 11¾@11¾ cts. for crushed, powdered and granulated; 10½@10¾ cts. for soft crushed white; and 10¼@10¾ cts. for C yellow.

WHISKEY.—The Whiskey market was rather quiet to-day, and we are without transactions to report. Prices are however tending upwards, and to-day Ohio may be quoted at 22@23½ cts., according to quality of package, and Scioto City at 21@21½ cts. per gallon.

DOMESTIC MARKETS.

CINCINNATI, Jan. 4.—Flour quiet. Whiskey—13¾@14½ cts. Hogs opened buoyant, but the demand fell off at the close; prices were a shade higher, but there was more disposition to sell than to buy: sales 3,000 at $3.25@3.35. Receipts—3,500. Mess Pork held more firmly at $9.25@9.50. Money market more settled as regards the currency question, consequent upon the action of the New York banks; as regards the demand for Treasury notes, the popular sentiment here is in favor of these notes as currency to the exclusion of all others, if need be. Sight Exchanges on New York firm at ⅛ per cent. premium.

CHICAGO, Jan. 4—Flour dull and neglected. Wheat dull and lower—sales at 70@71 cts. for No. 1, and 65@68½ cts. for No. 2, in store. Corn dull at 23 cts. for mixed, in store. Oats dull and ½ ct. lower. Mess Pork, $9 3. Live dull and 5@10 cts. lower, $2.10@2.

TREGO'S

CEREAL AND PLANT FOOD

AND

RUST PREVENTIVE,

TESTED AND APPROVED BY

DAVID STEWART, M. D.

CHEMIST

MARYLAND STATE AGRICULTURAL SOCIETY.

SOLD BY

F. MALCOM & CO., General Agents,

BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and specially adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food."

FORT PENN, Del., Sept. 7, 1861.

Messrs. TREGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No green color, the *blading* of the grain, giving the *appearance* of double the number of plants from the same number of seed; the earlier ripening or maturity of the crop where the PLANT FOOD was applied; the stoutness and height of the plant and the straw, all told the same story, viz: that the PLANTS there had room, of which the soil elsewhere was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as top dressing.

Yours respectfully, DAVID STEWART,
Professor of Agricultural Chemistry,
St. John's College.

NORTH EAST, Md., Sept. 8, 1861.

Messrs. WM. TREGO & SON, Baltimore:

I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats sown last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill, the Corn started and has kept far ahead of that on the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or Bones—and shall be even more well pleased with it.

Yours respectfully, RUSSELL THOMAS

☞ The PLANT FOOD is put up in substantial bags of 150 lbs each.
