IN THE CIRCUIT COURT OF BALTIMORE CITY.—JAMES S. FORBES vs. MARY C. EWING—The object of this proceeding is to obtain a decree for the sale of certain property on Gibson street, in the city of Baltimore, free from the dower and balance of purchase money. The bill states that the complainant, on the 11 h day of November, 1857, contracted with the defendant to lease to her a certain lot of ground, fronting 18 feet 9 inches on the southwest side of Gibson (otherwise called Eutaw) street, lying 29 feet 9 inches southeast of Hollins street, and running back to Morris alley, in said city, for a term of 99 years, to be renewed forever, subject to an annual rent of $180, payable semi-annually, and extinguishable at any time for $2,000. That the defendant contracted, in consideration of such lease, to pay the complainant $6,000; and paid to him $1,000 thereof in cash, and for the balance executed her three promissory notes, of even date with said lease, viz: for $2,000 each, payable 1, 2 and 4 years after date, and the eight promissory notes for the interest to accrue thereon, payable semi-annually. And that the complainant executed and delivered to the defendant a deed of conveyance in the usual form, conditioned for the performance of said contract on his part, and put her in possession of the property. That all of said purchase money notes are overdue; and there remains unpaid in the hands of the complainant, three notes for $250 each, payable on 2 and 3 years from October 1st, 1857, and the interest notes for $220 each, payable at 2 and 3 months from said date. And that the defendant has removed out of the State of Maryland, and now resides in parts unknown to the complainant. He therefore asks for a decree for the sale of said lot, for the payment of said overdue purchase money notes, with the usual order of ratification. It is therefore ordered this 23d day of December, 1861, that the complainant, by publication of this order in some daily newspaper of the city of Baltimore, once a week for four successive weeks before the 1st day of February next, give notice to said absent defendant of the object and substance of this bill, and warn her to appear in this court in person or by solicitor, on or before the 5th day of May, 1862, to answer the same, and show cause, if any she has, why a decree should not pass as prayed.

IN THE CIRCUIT COURT FOR BALTIMORE CITY, December 6th, 1861.—MARY WIGAN vs. HENRY WIGAN—The object of this suit is to procure a divorce *a vinculo matrimonii*. The bill states the defendant has for three years ago, and with adulterous intercourse with a female, whose name is to the complainant unknown. It is therefore ordered that notice, by the insertion of a copy of this order in some newspaper published in said city, once a week for four successive weeks before the 6th day of January next, be given to the said defendant of the object and substance of said bill, and warning him to appear in this court on or before the 6th day of April next, to show cause, if any he have, why a divorce should not be granted as prayed.

V. MALCOM & CO., General Agents, BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten or twelve days, the maturity of the Plant and Grain, and specially adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant has been rapidly removed by the previous crop, it CURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food."

FORT PANN, Del., Sept. 7, 1861.

Messrs. TRIGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the *flooding* of the grain, giving the *appearance* of DOUBLE the number of plants from the same number of seed; the earlier ripening or maturity of the crop and height of the plant and the strawy, all told the same story, viz: that the PLANTS there had room, of which the only element where was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed in *before* the manure was spread as a top dressing.

Yours respectfully, DAVID STEWART, Professor of Agricultural Chemistry.

NORTH EAST, Md., Sept. 2, 1861.

Messrs. WM. TRIGO & SON, Baltimore:

I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Oats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small handful (full) on the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or Bones—and shall so recommend it.

Very respectfully, RUSSELL THOMAS

☞The PLANT FOOD is put up in substantial kegs of 150 lbs each. s11-tf
