ANNAPOLIS, January 22, 1862.

CIRCUIT COURT FOR ANNE ARUNDEL COUNTY.—Before Hon. Judge Brewer.—James Revell, Esq., attorney for the State.

The jury in the case of the State vs. Joseph Ryale, tried yesterday for rioting in Baltimore on the 19th of April last, came into court, after an absence of five hours, with a verdict of "guilty." Not sentenced.

State vs. John Welsh and Charles Stevenson, of Baltimore, indicted for assaulting and attempting to outrage the person of Miss Lena Foreman, alleged to have been committed on the night of the 10th of June last, near the city of Brooklyn, in Anne Arundel county. The evidence in this case was to the effect that Miss Foreman, a young lady residing in East Baltimore, at the time was engaged in picking strawberries for Mr. Hammond, near Brooklyn, and on the above evening went to a store in company with an elderly German woman for the purpose of purchasing groceries; when on their return to Mr. H.'s, they were overtaken by Welsh and Stevenson, who seized Miss Foreman and forced her a short distance from the road, where she was held to the ground by one of them placing his knees upon her breast, while the other, in order to prevent her screaming for help, placed a handkerchief over her mouth, but by an extraordinary effort she removed the bandage and cried for help. At this moment Mr. Stewart, a deputy sheriff of this county, in company with a friend, happened to come along in a buggy, and upon hearing the cries of a female, stopped and went in the direction, where they found the parties and rescued the lady. One of the men swore he would shoot the sheriff, and it being dark the sheriff could not see, but heard a pistol click as if cocked, whereupon the two men were allowed to go at large, but were subsequently arrested and identified by the lady.

The case was argued at length, and the jury, after an absence of three minutes, returned with a verdict of guilty in both cases. Messrs. Franklin and Smith for the defence. Adjourned for the day.

Monetary and Commercial News.

BALTIMORE, January 22, 1862.

There was but little business done at the Stock Board to-day, but for almost everything on the list the market was strong. Baltimore City 6's were better than on yesday. Sales were made of $470 1856's at 91, and they closed at 93 bid for 1875's; 88¾ bid for 1886's, and 90¾ bid, 91 asked for 1890's. There were several lots of State stocks offering but no sales were made; 91 was bid for Maryland 6's; 41½ for Missouris; 60¾ for North Carolinas; 43¾ for Tennessees; 62¾ for Kentucky; and 60 for Louisianas. Baltimore and Ohio Railroad closed to-day at $48 bid $50 asked, and Northern Central do. at $17 bid, $18¾ asked, but there were only 5 shares of the former stock offered at the board. We notice sales to-day of $2,500 Baltimore and Ohio Railroad extra-dividend bonds at 49¾, and they closed firm at 49½ bid, 50 asked. Baltimore and Ohio 1867's closed at 83 bid; do. 1875's at 75 bid; do. 1885's at 74 bid, and do. 1885's at 72 bid—Northern Central 1885 bonds closed at 62 bid, 62¼ asked; Northwestern Virginia first mortgage do. at 76 bid; do. second mortgage do. at 62 bid, and Western Maryland first mortgage do. at 70 bid. The New York *Post* of Tuesday afternoon says:

The stock market opens weak to-day, losing the improvement established yesterday afternoon on the news from Kentucky. The account of the battle given in the morning seems to contain some discrepancies of dates and other detail, and consequently fails to stimulate the market, prices falling off ¼@½ per cent., with some desire to realize.

The New York *Herald* of yesterday says:

The stock market was inactive and slightly lower today. There was very little disposition to operate at the first board, and prices fell off ¼@½ per cent., under moderate sales by some of the recent heavy buyers. Government stocks remained firm, however, the registered bonds of 1881 selling at 90, and 90¾ being bid for the coupons. At the second board the desire to realize became more general, under a rumor to the effect that the government is paying out 7.30 Treasury notes to contractors, and the whole list was lower. Central fell to 82¾, Erie to 34¾, do preferred to 56, Illinois Central to 61¾, Galena to 63 Toledo to 36¾, and Rock Island to 54¾, the market closing weak.

The Philadelphia *Press* of yesterday says:

Stocks improved still further this morning upon the strength of the war news from Kentucky, and a rather large amount of business was transacted. State 6's were in demand at 70¾. City 6's advanced ¼. Pennsylvania Railroad shares improved ¾, North Pennsylvania Railroad 6's advanced ½ and closing at ¼ a gain of ¾; Reading Railroad shares gained ¼, North Pennsylvania Railroad shares rose from 7 to 7¼, Catawissa consolidated from 1¼ to 1½, and Catawissa preferred from 5 to 5¾.

The following is a comparative statement of the exports (exclusive of specie) from the port of New York to foreign ports for the week ending January 21 and since January 1:

	1860.	1861.	1862.
For the week.....	$1,499,853	$2,756,311	$3,231,331
Previously reported...	2,537,726	3,019,173	5,901,329
Since January 1.....	$4,037 579	7,775,493	9,132,624

The shipments of breadstuffs, though more moderate than those of the previous week, are still considerably ahead of those for the corresponding week last year.

GERMAN AND POANT FOOD AND RUST PREVENTIVE,

TESTED AND APPROVED BY

DAVID STEWART, M. D.

CHEMIST

MARYLAND STATE AGRICULTURAL SOCIETY.

SOLD BY

P. MALCOM & CO, General Agents,

BALTIMORE.

This Compound contains all the SEVEN ELEMENTS that compose CEREAL and PLANT FOOD. It hastens, by ten to twelve days, the maturity of the Plant and Grain, and specifically adapted to crops requiring an early and vigorous start to bring them to perfection. For late seeding (especially upon Corn grounds) where the soil plant food has been rapidly removed by the previous crop, it SECURES THE WHEAT FROM RUST and insures a good yield of the best quality of Grain.

We submit the following results of the use of the "Plant Food:"

FORT PENN, Pa., Sept. 7, 1861.

Messrs. TAGGO & SON, Baltimore.—The "PLANT FOOD" spread this spring both here and at the experimental farm at St. John's College, Annapolis, doubled, and I think, trebled (as the weights will prove) my product of both grain and straw. There was no doubt about that. No marks nor stakes were required at any period, the dark green color, the *thrusting* of the grain, giving the appearance of POUNDS the number of plants from the same number of seed; the vast luxuriant maturity of the crop which the PLANT FOOD was applied; the stoutness and height of the plant as the straw all told the same story, viz: that the PLANTS there had room, of which the soil was where was deficient. No other reason could possibly be assigned, as the crop was sown and harrowed *in before* the manure was spread as a top dressing.

Yours respectfully, DAVID STEWART,
Professor of Agriculture in Chemistry,
St. John's College.

NORTH EAST, Md., Sept. 5, 1861.

Messrs. WM. TAGGO & SON, Baltimore:

I applied the "PLANT FOOD" at the rate of one to two hundred lbs per acre on Gats ground last spring, and the crop was very good, fully up to my expectations. I also applied it to Corn in the hill, putting in a very small quantity in each hill, the corn started and has kept far ahead of that in the side of it, which was manured with ashes in the hill.

From the little experience I have had with it, I think it preferable to Guano or Bones—and shall so recommend it.

Yours respectfully, RUSSELL THOMAS.

☞ The PLANT FOOD is put up in substantial bags of 150 lbs each. [illegible]
