Respectfully invites the attention of the public to a BEAUTIFUL IMPROVED BURIAL CASE, Designed by himself.

TELEGRAPHING.
The advertiser proposes to form a Class of Gentlemen, (if a sufficient number offer), for the purpose of instructing them in the "Morse System of Telegraphing," which system is now in use by the Government in its Army operations and generally by all Telegraph Companies. Aside from the knowledge of the art, as being a means of maintenance to those who may engage in it, it should be considered as an accomplishment in the education of many who wish to understand the practical working of a Telegraph. The demand for operators will increase as the various lines are extended, consequently the prospect of procuring situations is now quite flattering. To Army officers, Railroad men, employees of Express Companies and others, this opportunity should not be overlooked. Direct to JOHN H. WITMAN, at this office, giving name and address. feb 31
