BANKING.

U. S. 7.30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1867, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars, or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent.

SPECIAL ADVANTAGES OF THIS LOAN

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

FOUR THOUSAND (4,000) HEAD OF BEEF CATTLE, on the hoof, delivered at the State Cattle Scales, at Baltimore, Md., in lots of (1,000) one thousand each every (10) ten days; to be weighed within one and a half days after arrival, at the expense of the contractor. A deduction of ten (10) pounds will be made from the weight of each Steer accepted under this contract, provided the animal does not stand in the pens two and one half hours before being weighed, or is not weighed immediately after removal from the cars.

Blank forms for proposals can be had on application at this office, either in person, by mail, or telegraph.

Beginning for the same on the line of the east side of Eden street, at the distance of one hundred and twenty-two feet southerly from the southeast corner of Monument and Eden streets, and at the southwest corner of the lot leased about September, 1850, by George Douglass and wife to Henry Duff, and running thence southerly, bounding on Eden street fifteen feet; thence easterly parallel with Monument street seventy-five feet; thence northerly parallel with Eden street fifteen feet to said Duff's lot, and thence westerly bounding on Duff's lot seventy-five feet to the place of beginning; subject to the payment of the yearly rent of eighteen dollars and seventy-five cents.

ALSO,

ALL THAT LOT OR PARCEL OF GROUND in the city of Baltimore which is described as follows:—Beginning for the same on the line of the east side of Eden street, at the distance of one hundred and thirty-seven feet southerly from the corner formed by the intersection of the south side of Monument and the east side of Eden street, and at the southwest corner of the lot of ground which, by indenture, bearing date the thirtieth day of September, eighteen hundred and fifty, and recorded among the Land Records of Baltimore county, in Liber A. W. B. No. 443, folio 469, &c., was leased by George Douglass and wife to Thomas Mainley; and running thence southerly bounding on Eden street fifteen feet to a lot leased by said Douglass and wife to Samuel M. Lawder; thence easterly bounding on said Lawder's lot one hundred and seventy feet six inches to the west side of Spring street; thence northerly bounding on Spring street fifteen feet to intersect a line drawn easterly from the place of beginning at right angles with Eden street, bounding on the southernmost outline of said Thomas Mainley's lot; and thence westerly, reversing said line and bounding thereon, one hundred and seventy feet six inches to the beginning, subject to the payment of the yearly rent of thirty dollars.

The improvements consist of a large and commodious Stable, &c., on the lot first above described; and on the lot secondly described of a well-built recently constructed three-story Brick Dwelling House, with a two-story brick back building and suitable outbuildings, and an alley way opening on Eden street common to the two lots.

AND I HEREBY GIVE NOTICE that I will sell at the Court House door in the city of Baltimore, on SATURDAY, the 24th day of September, 1864, at 12 o'clock M. to the highest bidder for cash, all the rights, title, interest, claim and estate of the said John Grady, in and to the above described lots of ground and improvements, sold under the aforesaid writ of Fieri Facias.
