THE BALTIMORE WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal, to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent, is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at its low price of
$1.00 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impressive and on good paper, not excelled by any paper of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY
and therefore no paper will be sent out of the office but what is
PAID FOR IN ADVANCE,
and this without respect to persons—all papers not thus paid for will be sent to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY PRICE CURRENT,
accurate and reliable, will be amongst the matters furnished, something which alone would justify them in investing the small amount required for one year.
The aim of the new proprietor is to furnish a first rate
FAMILY AND BUSINESS PAPER,
embracing whatever may be deemed entertaining, instructive and interesting; and he hopes, therefore, that the subscription list of the Weekly Clipper will not fall behind any
Subscriptions must be for a full year.
UNITED STATES NOTES
Postmasters and others receiving the subscriptions, will be furnished on application.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY BE SOURCE IN DISEASE IS UNEQUALLED
Its Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and Panama, where the most obstinate and fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as surgeon on the Panama Steamship line, where he treated the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic). Cholera, Cholera Morbus or Looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air tight packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This celebrated, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 6,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaigns in the American Army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined to its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as we'l as since, unequalled experience in Tropical diseases, was directed to the above remedy, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself universally known to all, and, with the accompanying directions strictly followed, a speedy cure will be effected.
With these few remarks, it is now confidently offered to the public, with the only that none-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, who, from influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as is well known, had to travel from their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under its administration by him.
Throwing aside all *"old wives' claims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in order that no charge should be made we would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed, in the above named dangerous diseases; one small package often relieving many sufferers.
TO MASTERS OF SHIPS.—To those who do business on the great waters, it will especially be found invaluable, and no Ship master should fail to take one on board. It was on the sea more especially, "mid storm and strife" of the elements, its virtues were first more thoroughly made known and appreciated. It is well known to Surgeons, that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The motion of the ship also, from its observation, always aggravating the symptoms, and therefore baffling the best well known efforts to relieve the patient, is the above diseases.
EF Travellers will find the Sugar Plum form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest inconvenience, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the infant, as well as adult. We would not be without it.
Respectfully yours,
JOHN JAY WOOD

BILL IN THE CIRCUIT COURT FOR BALTIMORE CITY, NOVEMBER TERM, 1864.
George Neilson, George C. Penniman and Harriet Penniman his wife, vs. Harriet W. Ogston, Frank W. Ogston, Emily Ogston and Charles Ogston.
The object of this suit is to procure a decree for the sale of certain property lying in the city of Baltimore, which was on the 23d day of April, 1852, conveyed to the complainant George Neilson, trustee, to indemnify the complainants Geo. C. Penniman and Harriet Penniman his wife, in case of loss or damage to them by reason of a mortgage of their property to secure a loan made by George W. Ogston from the Savings Bank of Baltimore. The bill states that by an antenuptial settlement executed by George C. Penniman and Harriet his wife, dated the 23rd day of July, 1851, the said George Neilson was constituted a trustee to hold the legal interests provided for by said deed, and to carry out the purposes thereof, that the complainants at the request of the said George W. Ogston and for the purpose of enabling him to effect a loan at the said Savings Bank, on the day aforesaid, executed two separate mortgages to secure the payment of the sum of eight thousand eight hundred dollars, with the interest thereon accruing, payable half yearly. MISCELLANEOUS.

NOTICE TO CONSUMERS OF HYDRANT WATER.—The law inflicts a fine of from five to ten dollars on all persons who may suffer their Hydrants or water fixtures to waste, as it subjects our citizens to inconvenience and danger by the accumulation of ice on the footways and crossings of the city. It will save trouble and expense by turning off during the cold weather all outdoor fixtures liable to freeze.
The law will be rigidly enforced

THE PEACE COMMISSIONER.
Sail Abe to Jeff, "Let's have a talk,
And try to stop this strife,
By which the country's lost so much
In treasure and in life;
I think that we should now agree
To end war's savage reign,
And help back Peace, as we plenty
To our bleeding land again!"
Then, answered Jeff, "It pleases me
To hear you talking so,
And if I only knew the way
I'd gladly stop this war;
But Abe, from I can see
The path I should pursue,
And if you'll point it out to me
I'll be obliged to you."
"You're only to lay down your arms,
And set your negroes free—
Return to your allegiance,
And forgiven you shall be."
"I'm sure that you are very kind,
But I don't quite like the nigger,"
Her our President, drily, as he mused upon
To setting free the nigger.
"That's nonsense, Jefferson, my boy,
For Slavery, you know,
Must perish, for already
It's received a mortal blow"—
"Well, well, if Slavery must die
For freedom still we fight
We want our independence,
And want nothing but what's right."
"What stuff! your independence!"
Who's asked you of it, pray?
As a portion of the Union
If you return, still you may
Be "free and independent"
As the Union o'er must be
And as brothers will enjoy the right
On land and on the sea!"
"You're burned our towns," says Jefferson,
Such talk, pray you give o'er
Remember Chambersburg in flames—
"The Valley's fair no more,"
For Milroy, Hunter, Sheridan
A desert drear have made
Of Virginia's lovely Valley
And its homes in ruin laid!"
"Enough! enough!" said Abram,
"I have no more to say,
If you seem to kindle your old fires
I'll try another way!"
The combat then was ended,
And the meeting was in vain
And the work of blood and slaughter
Was quick resumed again.
But Abe had not forgotten
That a promise he had made
To make another effort,
(And now none will be afraid
For both sides are weary fighting
