MEDICAL.

DR. A. HUET, Graduate of the Medical Faculty of Paris, (France,) Member of the Medical and Chirurgical Faculty of Baltimore, Md., may be confidentially consulted, and solicits the worst cases that have been abandoned by other physicians—such as Constitutional Debility, great Nervousness, Palpitation of the Heart, Pains in the Loins, nocturnally troubled with dreadful dreams and other derangements in youth or adult; all those alarming affections showing themselves in attenuation of the body, inanition, despondency, loss of power and memory, relaxation of the Nerves, Dyspepsy, Liver Complaint, Affections of the Lungs, Dimness of Sight, Disease of the Heart, Weakness of the Digestive Organs, &c. No far her commentary need be added. An extensive practice of over 40 years gives Dr. H. the advantage over all others, and renders him able to cure diseases in a few days, which generally required weeks or months. Office 8 E. corner of Fayette and Frederick streets, Baltimore. Soldiers cured for half price. All diseases arising from exposure cured immediately. jan-3-2m.

COUGH SYRUP.

COUGH SYRUP.

W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of Coughs, Colds, Croups, Asthma, Hoarseness, Bronchitis and Incipient Consumption.

This SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been the precursor of long years of suffering; and many a Cold that has been permitted to run its course, has hurried its victim into the premature grave of the Consumptive. Every one knows that we can utter the truth when we say that a very little care and attention at first would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering beneath its fetters. Be careful then how you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this invaluable remedy:

From REV. JAS. H. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effect, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cough. I can recommend it to clergymen and public speakers. ANDREW MANSHIP.

From REV. WM. W. HICKS, late Missionary from India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a certain cure.

The Compound Syrup of Liverwort may truly be called the sufferers friend. WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this valuable medicine, and in every case recommending it to their friends. Among them may be found

REV. GEORGE HILDT;
REV. SAMUEL A. WILSON;

CLEANSE THE BLOOD.

Rx With corrupt, disordered or vitiated Blood, you are sick or diseased. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities, and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Humors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaint and Heart Diseases. Try Ayer's Sarsaparilla and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for their not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla that have flooded the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall redeem the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, that by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is unnecessary here to recount the evidence of its virtues. The world knows them.

DYSPEPSIA CURED BY HAMILTON'S GREAT VIRGINIA REMEDY.

Read the following certificates from a well-known citizen:

BALTIMORE, Md., Feb. 15, 1864.

DR. J. L. HAMILTON:

DEAR SIR—I have used your Great Virginia Remedy with entire success. I have years troubled with Dyspepsia, in its worst form. I was prevailed upon to try your Virginia Remedy, and I am happy to say I was entirely relieved of Headache, Palpitation of the Heart, Nervousness, &c., that were so painfully the effects of the System. MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED IN THE POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASES UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air tight metallic coverings, occupy little space, and can be taken in a tumbler of water—The prescription has been proved of the highest efficacy on all the campaigns in Mexico, Central America, and elsewhere, the heart of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate children or adults, where the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. ARRIMONT'S TROPICAL DYSENTERY REMEDY,

for the prompt and decided cure of

DYSENTERY AND DIARRHŒA,

(either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This effectiveness, scientific, and curative preparation is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, offered to the public, after having been the means of curing within the last seven years, at least 300 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is the cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not counted in its ravages to any part of our globe, but rather as a great temperate, cutting down, in spite of the best medical aid called to relieve it, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the after failure of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Texas, who rarely survived from the effects of the Camp Diseases or Army Diarrhœa, as I who had previously, as well as since, unequalled experience in Tropical diseases, was called to the above complaints, and the result is the introduction to the public of this Tropical Dysentery Remedy, which after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, cure in most cases follows.

With the few remarks, it is now confidently offered to the public, who can rely that it is exactly as represented, that for cases in hand, as it is to those that may be exposed, they are individuals of all circumstances and climes, subjected to tropical influences on their way to the land of gold, from the hardy, rattling to the second cabin traveller as well as the old country Yankee, well known, barely survived to reach their homes at the close of the war with Mexico, which himself, but who have since enjoyed a vigorous health, as the effects undersigned administration by him.

Throwing a life all "cold water shine and fidget," and the appropriate tampering which so often attends the regular treatment of these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in a moment, by the fearful disease, to have at hand according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases, one small package being the contents of a family.

TO MASTERS OF SHIPS.—To those who go business on the great waters, it will especially be found invaluable and no Ship-master should sail without it. Its portability is even on the ocean more especially, "mid storm and strife of the elements, its virtues were first more thoroughly made known, and found fully tested by a Ship Surgeon, and that Ship the "Wm. Lindsay," where it is usually unfavorable and fatal in a more than in more temperate climates. The motion of the ship also from his observation, always heightened the effect, and therefore making the best well known efforts to relieve the patient, in the above diseases.

☞ Travellers will find, from the compact form in which the powder is put up, that they can be carried in the pocket or with their wardrobe, without the slightest injury. When required it can be mixed with water. N. B. Tropical Dysentery Remedy, should be without the proprietors certificate, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials will satisfy the reader that the parties have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens of the Union. Dr. Wm. H. Ford and well personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

CINCINNATI, Ohio, Feb. 1, 1864.

From my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, especially of children. I have seen many, and they are well. I have attended in establishment practice. I cheerfully testify to the truth of my own personal experience, and regret that I have not earlier made the public acquainted with it as I have often urged you to do. If I have a doubt in Dysentery I may doubt if anything might thereby have terminated by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 19 Wall street.

CROTON POINT, Westchester Co., N. Y., April 8, 1863.

DEAR SIR—I have pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1861, in which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse, but when was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot weather, when from the course pursued, despite all medicines used by our physicians, for six or eight weeks. There seems to be no relief until your remedy was resorted to, and administered, when the improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1, 1863.

This certifies that I do not hesitate to recommend the Tropical Dysentery Remedy, administered according to your directions. The relief was immediate. I advise all my friends not to be without it, and I know whole families, with the directions, a Physician cannot be called in in sudden and troublesome and often fatal attacks.

Respectfully yours,
JAMES LORETTSON,
130 Court street, Brooklyn.

BROOKLYN, July 1st.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice. I could obtain your medicine, I had a friend who had used it with wonderful success, and I was soon relieved by the first dose, and I am happy to add, was permanently cured.

JOHN WILSON,
Sackett st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1, 63.

DEAR SIR—The effects of your medicine all I desired. I have worn out two pairs of boots, and have not had the pain and discomfort in my bowels. The relief was immediate, and effectual, a few doses of it sufficient. I have, in the course of my practice, prescribed your medicine to many patients, and the result was satisfactory, and they have all expressed themselves in the same way. I feel that a cure would be effected in every case, if the directions were followed. I have put it into the hands of many of my patients, because it is so easy and so speedily relieves the pain, as well as safe. We would not be without it.

Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your Tropical Dysentery Remedy, obtained by you in the hands of a friend, is worth its weight in gold. I have used it in the most severe cases, and it has never failed to relieve the patient, and in a very short time effect a cure. I have also used it in my family
