City Nominating Convention—Names of the Candidates.—The above Convention, for the purpose of nominating candidates for Clerk of Circuit Court, Sheriff, and City Surveyor, came off last evening in the large hall of the Temperance Temple. Quite a large number of persons were present, but good order and harmony prevailed. About eight o'clock, the Convention was called to order by Mr. A. D. Green, when Daniel Harvey, Esq., was called to the chair, and John F. Plummer, Esq., appointed Secretary. Upon motion, a committee consisting of one from each ward, was appointed to examine the credentials of delegates, and to nominate permanent officers.

The following named gentlemen composed said committee:—1st ward, Wm. H. Davis; 2d ward, John Jenkins; 3d ward, George H. Plummer; 4th ward, H. K. Carroll; 5th ward, Franklin Metzger; 6th ward, Daniel Hobbs; 7th ward, Dr. Brooks; 8th ward, Wm. A. J. Evans; 9th ward, H. G. Denison; 11th ward, Joseph Harris; 12th ward, J. C. Whitney; 13th ward, A. J. Miller; 15th ward, David Barrett; 16th ward, Edward Boyer; 15th ward, J. S. Armiger; 16th ward, John Barry; 17th ward, Wm. H. Pierson; 18th ward, Seth Reed; 19th ward, Samuel Feast, Jr.; 20th ward, James Warden.

The Committee after retiring a few minutes, reported favorably upon the delegations from each ward, and nominated the following gentlemen as permanent officers:—President—Daniel Harvey, 19th Ward; Vice Presidents—John Harris, 16th Ward, and Joseph Harris, 10th Ward; Secretary—John F. Plummer, 5th Ward; Assistant Secretary—J. C. Dougherty, 4th Ward. The Convention then went into the nomination of Clerk of the Circuit Court, voting by wards. Samuel Evans, Col. Bowerman and Mr. Tiernan, the latter being afterwards withdrawn, were put in nomination, resulting in Mr. Evans receiving 90 votes and Col. Bowerman 10 on the first ballot. Mr. Evans was declared the nominee.—Candidates for Sheriff were next put in nomination, when letters were read by the Secretary from M. W. Neal's and James E. Alford, respectfully declining being candidates. Mr. William Thompson was the only candidate before the Convention, and received 90 votes, the 9th and 13th wards refusing to vote.

Gilbert H. Bryson was put in nomination for City Surveyor, and being the only candidate named, he received the full vote of the Convention.

The names of the candidates were received with considerable cheering, and the Convention having transacted all the business before them, adjourned *sine die* at an early hour.

Improvements.—In passing along East Baltimore street, we noticed that the Church formerly known as the "Old Jerusalem Church," situated on the corner of Baltimore and Exeter streets, has been torn down and two very pretty stores erected in its place, which, when completed, will present a very fine appearance, and quite an improvement to that section of the city. We also noticed that the house on Exeter street near Baltimore, formerly fitted up and used as the Provost Marshal's office for the 3d district, has been converted again into a dwelling house. In coming in contact with the last named house, many between the ages of 20 and 45 are brought to painful remembrance of days gone by, and we could not but be somewhat impressed when calling to remembrance the time when we were necessarily obliged to pay a visit to that memorial house on very important business, occasioned by being compelled to resign a position in the army.

An Attempt by two Negroes to Shoot three White Men.—On Thursday night as Edward Hirsch, residing at No. 43 Franklin street, J. C. Baugher and Charles Hinckley, residing at No. 73 Centre street, were passing along the lower part of the city, they were accosted by two negroes, named Walter Harrell and Wm. Fisher, and after some insulting words had by the negroes, they drew a pistol upon the parties above named, evidently with the intention of shooting them. The gentlemen thus accosted unfortunately having no arms wherewith to defend themselves, called for a policeman, when the darkies escaped, but were afterwards arrested by officer Christopher and taken to the Central police station, where they were released on security for court by Justice McKinley.

The Confidence Game Kept Up.—There seem to be an unusual number of unsuspecting pers s arriving in this city at present, as we are called upon almost daily to chronicle the swindling of some person out of a large sum of money by some momentary agreeable acquaintance. Yesterday, Wm. A. Williams, who resides in Eutaw county, Mississippi, while proceeding from Washington, fell in with a very plausible young man, who, after reaching this city, managed in the usual confidence way to dupe Mr. Williams out of $160. The money is gone and that seems all that can be done about it, as it seems beyond the power of officers to detect those persons following the above successful business. Who will be duped to day?

Violating a City Ordinance.—Sargt. Stuck of the Middle district, arrested John Cunningham yesterday for violating section 3, of ordinance 32, relating to leaving hacks unattended in the street. He was taken before Justice Hiss, who imposed a fine of $5 and costs—Officer L. P. was also arrested yesterday by the same officer for leaving his wagon stand unattended in the street, in violation of the above ordinance. A fine of $10 and costs was imposed by Justice Hiss. Both parties were released on payment of the fined imposed. Wm. Winters was also arrested for fast driving on the street; fined $5 and costs by Justice Spicer, and released on payment.

Stores Left Open.—We notice in the police reports numerous cases reported by the policemen of their store rooms are left open at night without being in any way secured from being entered by any one who may feel thus disposed. It seems strange that while so many robberies are being chronicled, that more care is not taken by the owners of stores to secure their property against the hands of thieves, and it is not to be wondered at that so many robberies are committed when the perpetrators of such crimes are not only not guarded against, but in this way actually enticed to follow their nefarious calling.

Deplorable Accident.—Yesterday morning about 11 o'clock, Charles Falzall, twenty-four years old, unmarried and employed as brakeman by the Baltimore and Ohio railroad, was running behind the tender for the purpose of coupling the train, when he made a mistep and fell across the track, the wheels of the engine passing over him. He was taken from under and expired in about three hours, his left leg, right arm and abdomen being slightly injured. Coroner Thomas held an inquest and rendered the verdict, accidentally killed, thus clearing all employees of blame.

Young America in the Extreme.—Officer Harrison, of the Eastern district, arrested a boy named James Dawsey, yesterday, on the charge of robbing the money drawer of Mr. Lavine, who keeps a cigar store on the corner of Baltimore and Aun street, the amount stolen being about $2. The promising youth had reached the mature age of 8 years, and strange to say this was not his first offence, being young in years but old in crime. Justice Whatten, in order to check the bud before opening into a full flower, committed the young hero to the House of Refuge.

Medical Card.—We cheerfully call the attention of our patrons to the card of Dr. Theodore Artaud, published in this morning's paper. Dr. Artaud has been a surgeon in the service of the U. S. Government since 1861, during which time he has held several important positions, and from his extensive experience and qualifications will no doubt prove satisfactory to all favoring him with their patronage. His office is No. 114 Hanover street.

Vagrancy.—Officer Gardner, of the Middle district, arrested Richard Barlow on Thursday night, charged with vagrancy by his mother, who resides at 58 Davis street. He was committed to jail for 60 days by Justice McKinly. Laura Smith, arrested on the same night, by officer Morris, for drunkenness and vagrancy, fined $1 by same justice, and in default of payment, committed her to jail.

Destroying Property.—Peter Jones was taken in custody on Thursday night, by officer Ray, of the Middle district, on the charge of drunkenness and destroying the property of Wm Seymour, corner Baltimore and Holliday streets. He was fined $1 and costs by Justice Hiss, and committed to jail in default of payment.

Theft of Clothing.—Officer Parlett, of the Western District, last night arrested Mary Smith, on the charge of stealing 1 pair of pants and 4 undershirts, the property of Robert Chambers, residing in McKidery's wharf. She is held at the above Station House for examination this morning.

Discharge Paper Lost.—The final discharge paper of Jas. F. Bryson, Company C, Third Maryland Rotation V. V., was lost last night near the southwest corner of Light and Baltimore streets. The paper is of no value to any one but the owner, and the finder will receive five dollars reward, by leaving it at Camp Bradford, Charles street avenue, before 10 o'clock to-day, or at the office of the City Surveyor, corner Holliday street and Orange alley.

Important Order to Paroled Rebel Prisoners.—The following important order has just been promulgated by the Commander of this Department:

HEADQUARTERS MIDDLE MILITARY DEPARTMENT, BALTIMORE, MD., August 2, 1865.

General Orders No. 6.—Paroled prisoners of the late rebel armies, who have not been pardoned by the President of the United States, will, upon arriving within the limits of this Department, report their presence and their residence, immediately, to the nearest Provost Marshal, and register their names.—If non-residents of this Department, and not allowed, by the terms of their parole, to enter the Department, the especial authority must be shown and filed under which they are found therein, and that authority, to be valid, must be from an officer having power in the premises. To allow persons of the latter class to remain within the limits of this Department, requires the sanction of the Department Commander, or of higher authority; that of another Department Commander is not sufficient.

The Commanding Officer of a District may authorize persons still under parole to leave their homes and visit points within the limits of that District, but to visit other Districts requires additional permission of the Commanding Officer of the District to which the person desires to go, or of higher authority.

No person, however, of the class named, will be allowed to visit the city of Baltimore, without permission from these Headquarters, or higher authority. All persons availing themselves of the provisions of the foregoing order will be promptly reported by subordinate Prov st Marshals, to Lieut. Col. John Woolley, Provost Marshal General Middle Military Department, and any evasion of this order will be promptly noticed.

By command of Maj. Gen. HANCOCK.

ADAM E. KING, Asst. Adjt. Gen.

Painful Accident by a Cart Coming in Contact with a Car.—Yesterday afternoon, about half-past three o'clock, a boy named James Kelley, about fourteen years of age, whose parents reside at 251 South Anna street, met with a painful accident, under the following circumstances: The boy was riding on the platform of one of the Canton cars and while passing along Boston street a cart came in contact with the car, the shaft of which struck him on the left arm, separating the muscles and tendons, causing quite a painful wound. Dr. Dashiels rendered his professional services when the boy was conveyed to his home.

Arrested.—Harrison Harvey, who was arrested on the charge of threatening the life of his wife, was committed to jail by Justice Shewacre. George Essert and Henry Kuhn, charged with violating section 35 ordinance 18, permitting nauseous liquors to flow in the street, were each fined, the former $10 and costs and the latter $5 and costs; Essert's fine was afterwards remitted by Justice Dryden. A. Rothchilds and Miss Rothchilds, charged with forcibly entering the premises of Henry Richardson and assaulting and beating his son; held for bail. Samuel Thomas, colored, charged with stealing a pocket-book containing $20, belonging to E. Horr; committed by Justice Dryden.

Holliday St. Theatre.—The pieces to be performed to night promise to give great pleasure to the visitors of the favorite Holliday street Theatre. The well-known comedy of "Sweethearts and Wives," with Messrs. Collins, Hall, Bishop, &c., in the principal characters, alone would be attractive, but the "Serious Family" is still more calculated to draw, especially when Mrs Hanchett as Lady Greenmiry, Mrs. Bishop as Mrs. Delmaine, and Miss Baily as Mrs. Torrens, are announced. There is also the "Ice Witch" in preparation, which will be offered to the public next week.

Drowned.—The body of an unknown man, found floating in the river below Fort McHenry, was yesterday picked up by a passing schooner and brought to Union Dock, where an inquest was held by Coroner Sparklin. The body was partially clothed by a knit shirt and pair of drawers, and was so disfigured as not to be recognized. He appeared to be about forty years of age. The jury rendered a verdict of accidental drowning.

Letter Boxes.—We noticed yesterday that the postoffice department in this city have attached boxes to the telegraph poles on several of the principal streets, where letters can be dropped at any hour of the day or night, which will prove to be a great convenience, and for which the department deserves considerable credit. This improvement is in accordance with the way the letter boxes are arranged in the city of New York.

Committed to the Almshouse.—Jack Wells, colored, was arrested on Thursday night on account of being insane and walking the street in a nude state. He was taken before Justice McKinley, who committed him to the almshouse.

Probable Effect of Heat.—Michael Cane, a soldier belonging to Hicks Hospital, was found in Baltimore street deranged. He was sent to Col. Woolley's office.

COURT PROCEEDINGS.

Circuit Court.—Before Judge Alexander.—Alexander Hunter and others vs. Margaret Hunter and others. Bill of complaint for the sale of certain property. "Exparte:" Mary Emory; decree for sale of mortgage premises. James A. Buchanan vs. Robert S. Buchanan and others; decree for leasing certain property. John T. Fleeharty vs. Clara Fleeharty; decree divorcing complainant from defendant "a mensa et thoro." Catharine Boehmer vs. Wm. Boehmer; decree divorcing complainant from defendant "a mensa et thoro," giving the custody of the children to complainant.

Orphan's Court.—The wills of John Charles, Ludwig Broecke and Margaret Turner were admitted to probate. Letters of administration were granted on the estate of Edward Carrol to Mary Ann Henry and Michael Henry.

ANOTHER DASTARDLY ATTEMPT TO INFLICT PERSONAL INJURY UPON GEN. GRANT.—It will be remembered that when General Grant gave a public reception at the Astor House, New York, some time since, some dastardly fellow made an attempt to wrench the General's arm out of joint, by seizing the hand with a vice-like grasp and twisting it round in a painful manner. A similar attempt to injure the General was made at Faneuil Hall reception in this city, on Monday.—While the throng of ladies and gentlemen were paying their personal respects to this distinguished hero, an individual approached him and seized his hand in the same manner that it was grasped in New York, attempting to give it a sudden twist, which the General succeeded in preventing only by forcibly withdrawing it. One of the aldermen who witnessed the operation seized the man by the neck, but the rascal escaped from him, and was quickly lost in the crowd which was hurrying past. There is no doubt but that it was a deliberate attempt to inflict personal injury upon the General, and we understand, also, that he was identified as the same person who tried the same game in New York.—*Boston Courier.*

CURE FOR HYDROPHOBIA.

A Frenchman who was bitten by a mad dog, and seized with hydrophobia, suffered so that his friends resolved to suffocate him. Four of them extended a feather bed on the floor, threw the unhappy man upon it, and covered him with a second bed, on which they placed themselves to press upon and smother him. During this time his wife was held by main force in the adjoining room by some of her relations. The unhappy woman remained at first apparently stupified, but when a frightful silence had succeeded the tumult, she seemed to break loose from her apathy; the full horror of the scene rushed upon her mind, and, with a shriek of despair she rushed into the chamber of death.—With superhuman force she threw aside the men who were holding her husband down, and pulled away the bed which covered him. Life had almost departed, but respiration was soon re-established, and at last he opened his eyes. The efforts he made had covered him with so profuse a perspiration that it ran in streams from the whole of his body, and the disease was broken up. It is now believed that hydrophobia can be thus sweated out of the system.

☞ No healthy man ought to remove into Caledonia County, Vermont. The afflicted people there required 3,174 gallons of liquor last year as medicine.

☞ A ferocious bull drove his horns into the breast of Mrs. Greer, in Clinton, Mich., last week, and killed her. She had a red shawl on.

☞ A Sisterhood of Fenians was last week organized in New York, when thirty-five daughters of Erin were enrolled under the Fenian banner.

☞ About $5300 worth of lace and ribbons were stolen on Sunday, from the store of John Pratt & Son, 449 Broadway, New York.

☞ Nashville (Tenn.) clergymen preach in the "variety" saloons on Sunday. Smoking is prohibited during prayers.

☞ A countryman upon his first visit to Boston, tells how to play billiards:—"The balls are stuffed with long wooden rammers, with wax on the little end to save the wood and leather from wearing out. You take your rammer and chalk it, then you lean over the table; then you sqush; then you jab your left leg; then you hoist a little on your left hand with your rammer; then you punch your ball. If your ball hits the other man's ball, you have done a big thing, and you poke a lot of bathens that are strung on a wire—This is all there is to a game of billiards."

☞ There is now in Reading a sailor, who was struck by lightning on one of the West India islands, who is lame in one leg, blind in one eye, entirely speechless, and not a hair on his head, arms, or any part of his body to be seen—all from the effects of the stroke. He had previously a long and strong beard, which entirely disappeared.

☞ The London Star, speaking of the election riots, says that the "scenes which were of common exhibition ever Great Britain last week would have disgraced the days of Hogarth, and are a shame and disgrace to any civilized land."

REAL ESTATE.

STATE AGENCY FOR THE DISTRIBUTION OF INFORMATION CONCERNING FARMS IN MARYLAND.

MARYLAND FARMS FOR SALE

IN EVERY COUNTY.

From $1,000 to $50,000 and Upwards.

The following is a partial list of Farms I have now for sale, comprising some of the most valuable Tracts and Finest Estates in Maryland:

FARM of 255 acres situated in Howard county, on the county road three miles west of the Relay House, 10 miles from the city of Baltimore. It is approached from the Washington turnpike on the south and from the county road from the west and north. The land is in good condition, twenty-five bushels of wheat to the acre and other cereals in proportion, have been raised; has an abundance of pure spring water and is considered one of the healthiest places in the State; has an abundant supply of fruit of all kinds, about 2,300 trees just coming into bearing this season. The garden of about 6 acres has a large supply of grapes of various kinds; raspberries, Lawton blackberries, gooseberries, currants, strawberries, dwarf pears, &c., &c. Two never failing streams of pure spring water pass through the place, affording every field one of which supplies a large pond from which the house is supplied with ice. The improvements are a stone rough cast dwelling house 54 by 40 feet with very large back buildings built in the most substantial manner 6 years ago by the then owner for his own occupancy, and no expense having been spared to make it complete in every respect. A wide piazza extends the whole front of the house. The first floor consists of a parlor, sitting room, dining room, library room, a large and substantial ice proof safe, and wide hall running through the centre of the house, ante room, large winter and summer kitchens, and wood house on same level. Second floor contains six large chambers in main building, two bed rooms, bath room, &c., in back building; every room except the parlor have large and very convenient closets; hot and cold water throughout the house, bells in each room, also gas pipes throughout the house; a large, dry cellar under the whole house; Chelson's largest size furnace, heats the entire house; cooking range, &c., in kitchen; in the cellar every convenience usually found in a modern built house. The house stands on an elevated position from which nearly all parts of the farm, and from its roof the city of Baltimore, as well as the surrounding country for many miles, can be seen, and is surrounded by oak, hickory and chestnut trees of large size, as well as a profusion of evergreens. The other improvements consist of an ice house 20 feet square, now filled with the purest ice, water and summer dairy, one of the best constructed barns in the county, 81 by 50 feet, which is supplied with water; overseer's house, gate house, &c. The hen house and corn crib are of unique construction and considered to be superior.

FARM OF 189 ACRES on Mill Creek, two miles from Annapolis, 150 acres under cultivation, balance in Timber. The soil is rich, and adapted to the growth of Grain and Vegetables. Would make a fine truck farm. The improvements are, dwelling house of five rooms, and manager's house, of four rooms, tine barn, corn-house, cattle-shed, stable for two horses, ample feed and harness rooms, carriage house and house for farm hands.
