

Q. What financial resources does Susan Grove have?

A. She receives an annuity from Civil Service in the amount of sixty (\$60.00) dollars per month and from Social Security, seventy-one thirty (\$71.30). She will continue to get this until she is 18 years of age, or marries, or works and receives salary of more than \$1200.00.

Q. What are her living expenses?

A. Well, at the start, I understood from the Register of Mills that I could not charge her anything for Board and Room, but the Social Security people supervise me rather closely and they have approved a charge of \$15.00 per week for housing and food. She has had to spend a good deal for clothing for she came to us with practically nothing and she needed quite a lot to keep in proper condition to attend High School. I think she will want to go to Beauty School or some other additional education after High School, so I want to lay back as much as possible so she will be able to complete her education and, if possible, have a "nest egg" to start on after she becomes 18.

TO THE GENERAL INTERROGATORY:

I believe that's all.
