

1 Q Was it before you were old enough to know very  
2 much about what was going on. Was it when you were pretty  
3 young or what?

4 A Well, I remember some of the peach trees being  
5 up there, but they was in no position to be an orchard.  
6 It must have been before.

7 Q So, as far as you can remember back, you weren't  
8 in the peach business on the property?

9 A No.

10 Q Or was your dad in the peach business at that  
11 time?

12 A His dad was.

13 Q But not Joe, your dad?

14 A Yeah, my dad, he worked for his daddy. They  
15 had a peach shanty up there in the back field -- pick  
16 peaches and stack them in there.

17 Q Right. Now, besides the peaches and the home  
18 for yourselves to live, what other use did you put to the  
19 property while you were a boy?

20 A Well, he tried to keep the place up as much as  
21 he could. He paid the taxes and made a home for us there.
