

1 at the end of a lane where it went over to John Daniels,
2 there's a white oak tree there was marked on four (4) sides.
3 That was on the boundary line and then it run on up the
4 road...

5 Q. As far as you're concerned, I just want to know what
6 you're saying. Do you believe the place of beginning looking
7 at the Weidner plat should be away from the road further...
8 further away from the road?

9 A. Yeah, yeah, sure. They never was no corner out that
10 road.

11 Q. Alright.

12 A. Never no corner out that road.

13 Q. It shouldn't be in the road it should be further up
14 the line?

15 A. See how he's got it marked here?

16 Q. Uh huh.

17 A. That's in the middle of the Mill Dam, the raceway and
18 the mill, that corner and then it runs down in another
19 corner and then in the race bank and again it runs over
20 across the spillway and corners at a locust tree. That's
21 what we agreed to when the man drewed this up.

22 Q. Was it a straight line that you agreed to from this,
23 the last point you mentioned up to the end or something?

24 A. No, this corner here is the old spillway and then it
25 runs on up on the other corner of the race bank where the
26 old house used to sit. The old house that Zoerb lives in
27 is right on that corner there. But when they built ponds
28 in here they moved that from there with horses across the
