

1 race bank, across the spillway over on that side of the
2 road.

3 Q. Alright, now, Mr. Rice, I notice that there's a dotted
4 line here and the first little circle there on the dotted
5 line starting at the right side of the plat is where you
6 think the original place of beginning ought to be?

7 A. No, right there that's Zoerb's corner right there.

8 Q. Okay, now let me put that on mine. Now, I notice from
9 that point there's a dotted line here.

10 A. Uh huh.

11 Q. And, there's another little round place there. And,
12 I believe that's what you're doing you're following this
13 dotted line, are you?

14 A. The dotted line is what Weidner put on it.

15 Q. Uh huh.

16 A. But these other lines somebody else put on since Weidner
17 had it. I don't know who put them lines on there.

18 Q. So, you believe the dotted lines are the...except for
19 the place of beginning that's the first mistake there, you
20 believe Weidner made?

21 A. Yeah.

22 Q. Are there any other mistakes that you believe Weidner
23 made?

24 A. The only mistakes I believe he could have made would
25 be and it wouldn't be...it's the distance there. It might
26 be a little in the distance there, I don't know.

27 Q. Now, this would be the end of Zoerb's line up here?
28 Of this other circle?
