Jan Steels Field Books

H.W.A.S.

There are two separate indexes to the written  
manuscripts - one an "Index to the 'Tracts' themselves;  
& the other an "Index to Persons & Places" mentioned

There is also a book of "Contents of Jan Steels [ori-  
ginal] Field & Outposts Field Books" compiled by  
+ J. Ross Scarborough Aug. 1894" - in which 315 tracts  
are described - Hence it would seem that only about one-fourth  
of them (namely the 75 tracts in this book) were completed at the  
time of the Compiler's death in Dec. 1898

It would seem, by the notes in red ink, in these copies,  
that the greater number of the surveys recorded were not  
made by Jan Steels - but that he <sup>(likely)</sup> copied them from  
the Field Books of Edward Clark & Jan Louw  
who preceded him as surveyors of Harford Co. -

There is also a list of Receipts & Certificates of 115 items + described in the Field Books of Juv. Linn (J.L.) - but none of the originals were among H.W.A.'s effects after his death
