The Auditor is requested to issue Certificates for the Depreciation of Pay to Henry Mudd and Martin Mudd late [p. 126] of the third Maryland Regiment, and deliver the same to the Treasurer of the western shore, who is ordered to pay the same to Jeremiah Mudd Brother and Administrator of the said Henry and Martin.

In Council September 10th. 1792

Whereas by a Certificate from the Clerk of Baltimore County Court of Oyer and terminer and goal delivery, it appears that Hugh Barkley was presented at January term last on two separate presentments for selling liquor without a licence, and was fined by the Justices of the said Court, the quantity of six hundred pounds of Tobacco and Thirty shillings, on each presentment, amounting in the whole to twelve hundred pounds of Tobacco and three pounds Current Money for said offence. And the said Hugh Barkley by his Petition represents that he obtained a Tavern licence at Baltimore County adjourned Court November Term 1790 which authorised him to sell liquors until the September term following, at which term, he was unavoidably prevented from attending the Court, but having paid the full amount of a licence for a whole year and also five pounds for a years Street tax, he conceived he might [p. 127] sell for one whole year from the time he took out licence, that at the expiration of the said year he applied but found there was no adjourned Court of whom he could get licence until March following, that upon being presented he submitted to the Court, and was fined as aforesaid, that he has a numerous and helpless family to support, and is unable to pay the said fines without distressing them. He therefore prays a remission thereof. And three of the Justices of the said Court having recommended him to the Clemency of Government, The Board considering all the Circumstances of his case do order and direct that the aforesaid fines be remitted on payment of all Costs arising on the said Presentments.
