The Unemployment Compensation Board was created by Chapter 1 of the Acts of the General Assembly, Special Session of 1936, as amended by Acts of the General Assembly of Maryland of 1937.

The Board is charged with the duty of administering the Unemployment Compensation Law. Contributions are collected from employers covered under the Unemployment Compensation Law and weekly payments of benefits are made to eligible individuals, that is, those who have accumulated certain wage credits and have become unemployed through no fault of their own.

The Maryland State Employment Service, which was one of the divisions under the Board, was loaned to the Federal Government by the Governor January 1, 1942. This transfer was requested by the President of the United States and is for the duration of the emergency caused by the War.

Chapter 435, Acts of 1943, provides for a system of experience rating whereby employers who maintain steady employment are eligible for a reduction in the rate of contributions. All the funds collected under the Law are deposited with the Federal Treasury to the credit of the Unemployment Compensation Trust Fund of Maryland and may only be used for the payment of benefits.

The expense of administering the Unemployment Compensation Board is not a burden upon the employers contributing to the unemployment compensation fund, or upon the taxpayers of the State, as the funds for administration expenses are supplied by the (Federal) Social Security Board.
