

and foster cooperation and understanding regarding utility matters among federal, State, and local agencies, as well as private groups and consumers. The Panel is also to advise the People's Counsel on general goals for the development of programs and render advice on specific consumer goals and objectives in order to assist the People's Counsel in formulating policy in rate cases, investigations, and other matters in which the People's Counsel may from time to time be involved. The Utility Consumer Advisory Panel meets at times determined by its membership, and it must meet at least once every three months with the commissioners of the Public Service Commission and the People's Counsel to render advice and assistance to them.

St. Mary's College of Maryland was originally chartered by Chapter 190, Acts of 1839, receiving its present name by Chapter 59, Acts of 1964. It is governed by a board of twelve trustees appointed by the Governor for six-year terms. An accredited junior college for many years, the College became a four-year college of liberal arts and sciences in September 1967. It granted its first baccalaureate degrees, the Bachelor of Arts and Bachelor of Science, in June 1971. Majors are offered in art, biology, English, history, human development, mathematics, music, natural science, and social science. Students may also be trained in professional education, which permits full certification as secondary school teachers under the reciprocal State-Approved Programs Plan. A five-year dual degree program in engineering is offered in cooperation with the University of Maryland
