The State Coordinating Council for Residential Placement of Handicapped Children was created by the Governor in 1982 (Executive Order 01.01.1982.09). In 1987, the Governor reestablished the Council within the Office for Handicapped Individuals (Executive Order 01.01.1987.10). The Council has developed procedures for the operation of Local Coordinating Councils to assure that those handicapped children who need residential placement at treatment centers and schools receive a complete plan of care.

With the Local Coordinating Councils, the State Coordinating Council plans, coordinates, and monitors multiple-agency services for handicapped children in residential placements and for those requiring residential placement. It also maintains a multiple-agency information system that assures agency accountability to handicapped children and enables the State to plan for needed services.

The State Coordinating Council consists of the Secretary of Health and Mental Hygiene, the Secretary of Human Resources, the Director of the Juvenile Services Agency, and the State Superintendent of Schools, or their designees. The Director of the Office for Handicapped Individuals and the Director of the Office for Children and Youth serve ex officio as nonvoting members.
