The Board also enforces the provisions of the registration law and restrains any violations of it. The Board can investigate charges, as well as hear complaints of violations, subpoena witnesses and documents or other pertinent data, and apply for relief by injunction.

The Board is comprised of six members appointed to five-year terms by the Governor with the advice of the Secretary of Licensing and Regulation. Two members are selected from the public at large, three are professional land surveyors, and one is a property line surveyor. The professional land surveyors and property line surveyor may be chosen from nominees recommended by the Maryland Society of Surveyors.

The Board is a member of the Maryland Society of Professional Land Surveyors, which aids in the reciprocal licensing of surveyors and seeks to promote uniform standards of licensing in all states. Authorization for the Board continues until July 1,
