

systems and adopts regulations relating to them. To regulate the financing of campaigns for State and county offices, the Board also administers the Fair Election Practices Act. In addition, the Board prepares and certifies ballots, administers petitions, and publishes Constitutional amendments.

In odd-numbered years, the Board meets with the boards of supervisors of elections from the counties and Baltimore City to instruct them, their employees, and counsel on their duties in the conduct of elections. The Board also administers the voter registration-by-mail program.

The Board publishes *Registration and Election Laws of Maryland*, which is for sale to the public. Also available are primary and general election returns beginning with 1948. More recent returns are published as booklets.

The Board consists of five members appointed to four-year terms by the Governor with Senate advice and consent. Three must be of the same political party as the Governor, while two represent the party that received the second greatest number of votes in the most recent gubernatorial election.

The State Administrator of Election Laws receives and audits financial reports of candidates required under the Election Code. Appointed by the Governor to a six-year term, the State Administrator also serves as secretary to the Board of State Canvassers (Code 1957, Art. 33, secs. 1A-1, 3-1(c), 16B-2, 18-1).
