Culling.

1894, ch. 380. 1898, ch. 117. 1900, ch. 99. 1906, ch. 439.

7. All oysters taken from any of the waters of this State either with scoops, dredges or any similar instruments, or tongs or rakes shall be culled upon their natural bed or bar whence taken, and all shells shall be returned to the bed or bar from which they were taken, and all oysters whose shells measure less than two and one-half inches in length, measuring from hinge to mouth, shall be included in said culling and replaced upon said bed or bar as taken; and the culling of oysters taken as aforesaid required by this section shall be actually made and completed before such oysters are thrown or deposited in the hole or bottom of any such canoe or boat or vessel aforesaid.
