

1 productive effort from our two distinguished consultants
2 if we more or less move in normal course and simply call
3 on them to comment at will and fully and freely whenever
4 a spark is struck and, where something may be a matter of
5 research accomplished by any one of you or where it may
6 be a subject where you feel that you would like to make
7 comment for the benefit of further consideration by the
8 Committee as a whole, I am going to ask that you feel
9 perfectly free to interrupt and participate in the dis-
10 cussion of each of the matters which are on our agenda.

11 The two principal matters on the agenda today
12 are, first of all, to follow through with what our Chair-
13 man suggested at the last meeting of the full Commission,
14 the, more or less, topicing of research questions in order
15 that those questions can be assigned out for the actual
16 accomplishing of the research that will be necessary to
17 properly substantiate the decisions of this Committee and
18 as an aid insofar as all of us are concerned in arriving
19 at those decisions.

20 We are fortunate that Dr. Loevy and Jack Jones
21 and John Brooks were able to get together and I received
