### FINANCIAL STATEMENT

In my last Annual Report I called attention to the fact that the Board of Public Works had permitted us to carry over into the fiscal year 1947 our budget item No. 208 A, which had been appropriated for publication in the fiscal year 1945. In the course of the present year \$665.50 of this amount was expended for printing Publication No. 4, and \$523.51 was paid to the Library of Congress as our share of the cost of making microfilm copies of records for the Huntington Library and the British Museum. The balance, \$1310.93, was reverted to the General Funds of the State on January 1, 1947.

The same budget item for 1946 was also carried forward into the fiscal year 1947. Of the total amount of \$2,500, there was expended for the printing costs of Publication No. 5 the sum of \$1,332. The balance of \$1,168 was reverted to the General Funds on July 11, 1947. Of the remainder of the appropriation for 1946, \$16.69, which had been reserved to pay for materials contracted for before the end of the fiscal year, was reverted February 20, 1947. It should be noted also that an additional sum of \$6,379 was also reverted. This amount represents those budget items which were frozen when the Hall of Records transferred maintenance of the building to the Superintendent of Public Buildings and Grounds.
