310 transfer cases.

GAME AND INLAND FISH COMMISSION

A certificate of distribution for certain records of the Game and Inland Fish Commission which had been destroyed the year before (see *Fourteenth Annual Report*, p. 33) was received last year. The records were destroyed on October 18, 1948, but the Commission had inadvertently neglected to obtain a certificate.

HEALTH, DEPARTMENT OF

On March 20, 1950, we received an inquiry from the Department of Health regarding the destruction of certain records, a list of which was enclosed. The Archivist informed the Department of the procedure to be followed in destroying records and pointed out that certain of the records listed were permanent books of account, the destruction of which is prohibited by law. After further correspondence, the Archivist recommended, on April 26, 1950, that the permission of the Board of Public Works be sought to destroy certain records which he listed. He also suggested that certain of the records be placed on a schedule basis in the future. This matter is still pending.

MENTAL HYGIENE, BOARD OF

In a letter addressed to the Comptroller's Office on August 22, 1949, the Board of Mental Hygiene indicated a desire to dispose of certain non-current records. They were examined by a member of the Hall of Records
