

## STAFF NOTES

Many of our staff members are now receiving the maximum salary in their scale or the maximum plus the longevity increment. The reason for the discrepancy in the amount paid to them and the maximum or maximum plus longevity listed herein, is that the scale is always calculated by the year and this year there were two scales involved, one for that part of the fiscal year ending at the first pay period in October 1965 and the higher scale from October 6, 1965 to June 30, 1966.

Other discrepancies are due to resignations at other times than the end of the fiscal year and replacements. The salaries are divided in such cases and more often than not the replacement is at the minimum while the employee who resigned might have been at any increment through the maximum plus longevity. In the case of the Archivist III position, which was held by Guy Weatherly until his death December 28, 1965, he was replaced by Sarah Salter as Archivist II on January 12, 1966.

### *Program 01. General Administration*

There were no staff changes in this program.

### *Program 02. Archival Administration*

Two new positions were granted us as of the beginning of the fiscal year: Clerk-Typist II which was filled the first day of the fiscal year by Barbara S. Lambden and Archivist IV which was not filled until October 6, 1965, by John D. Kilbourne who had commitments which prevented his acceptance earlier.

Guy A. Weatherly, who had been on our staff for more than twelve years, died December 28, 1965. His position was filled by Sarah Salter as Archivist II. Miss Salter had previously been employed by the Hall of Records so we were fortunate in finding her available again.

Robert O. Benson, Archivist II, who had been on our staff since June 24, 1965, was called up for military service February 18, 1966. He was replaced on April 20, 1966 by Beverly Ann Baker.

We lost two veteran employees of the Repair Room Staff in the course of the year, Patricia C. Goldsborough and Beatrice B. Hiltabidle.
