

delineated upon copies of the published maps and charts of the United States coast and geodetic survey, of the largest scale, one copy for each of the counties of this State in the waters of which there are natural oyster beds, bars and rocks, all natural beds, bars and rocks lying within the waters of such county, which maps shall be filed in the offices of the clerks of the Circuit Court for the respective counties wherein the grounds so designated may lie. The said survey shall be made by the hydrographic engineer employed by said board, as provided in Section 84 of this Act, acting under the direction and control of the said commissioners. The said natural beds or bars shall be marked by buoys, which shall be known as State buoys.

CHAP 711

Survey made  
by hydro-  
graphic  
engineer.

Section 87. The Governor of this State is hereby requested to ask the assistance of the United States coast and geodetic survey, and of the United States Fish Commissioner, to aid in the carrying out of the provisions of the preceding section.

Assistance  
asked.

Section 88. The County Commissioners of each and every county in this State, in which there are natural oyster beds, bars or rocks, shall be authorized to appoint some resident of their said county, who is well acquainted with the situation and location of oyster beds, bars or rocks, in the waters of such county, who shall aid the said board by furnishing any information he may possess concerning the situation and location of recognized oyster beds, bars and rocks in the waters of such county, and who shall accompany the said commissioners and the hydrographic engineer appointed by said board, but only within the limits of his county, in the making of the survey of the natural oyster beds, bars and rocks, as provided by this Act; the said appointee to receive a compensation of five dollars per day when actually so engaged.

Authority to  
appoint  
person to  
aid said  
board in  
their duties.

Section 89. As soon as practicable after the first day of April, 1906, the said commissioners shall organize, and shall at once proceed, with the assistance of such person or persons as may be detailed by the United States coast and geodetic survey, and the United States Fish Commissioner, to aid them in their work, and of such persons as may be appointed under the preceding section, to have laid out, surveyed and designated on the said charts, the natural beds and bars, and shall cause to be marked and defined as accurately as practicable, the limits and boundaries of the natural

Shall proceed  
to mark and  
define the  
limits and  
boundaries  
of the  
natural  
beds, etc.
