

or fermented liquors in Election District No. 12 at any place nearer than two miles in all directions from the District of Columbia line.

SEC 2. *And be it further enacted,* That this Act shall take effect from the date of its passage.

Approved April 10th, 1914.

CHAPTER 544.

AN ACT to regulate the granting of permits for the erection of buildings in the first, second, third, ninth, twelfth, thirteenth and fourteenth election districts of Baltimore County; to require the owner of any building to be erected to provide suitable facilities for disposing of the drainage, waste and sewage from such buildings, and to submit plans of arrangement provided for such purpose for the inspection and approval of the Inspector of Buildings in said district and the Secretary of the Local Board of Health of Baltimore County.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That no permit for the construction or erection of any building or structure of any kind in the first, second, third, ninth, twelfth, thirteenth or fourteenth election districts of Baltimore County shall be granted unless adequate provision is made for disposing of the waste, sewage and drainage from such building or structure, and plans thereof presented for the inspection of the Building Inspector in the district in which such building or structure is to be erected and the Secretary of the Local Board of Health of Baltimore County and approved by them.

SEC. 2. *Be it further enacted,* That in all buildings so erected provision shall be made for disposing of the waste, sewage and drainage therefrom in accordance with the plans furnished as required by Section One of this Act, and such arrangements shall be installed under the supervision of the Inspector of Buildings of the district in which such building is erected.

SEC. 3. *Be it further enacted,* That the County Commissioners of Baltimore County shall have the power and authority, and the same is hereby expressly delegated to them, of adopting all necessary rules, regulations and orders for insuring adequate provision for disposing of the drainage, sewage and waste from such building, so as to protect the public health, and
