

(C) Any person engaged in the making, remaking or renovating of any article defined herein, in which second-hand material is used, or in the making of any new or second-hand feather or down filled article, or any article in which shoddy is used, or engaged in sterilizing and disinfecting any material or article coming under the provisions of Section 64 shall submit to the Director of Health for approval a reasonable and effective process, together with duplicate plans of apparatus or auxiliary devices, for the sterilization and disinfection of second-hand material, feathers and feather-down, and second-hand articles herein enumerated.

Upon the approval of such process for sterilization and disinfection, a numbered permit for its use shall be issued to the applicant by the said Director of Health. Such permit shall expire one year from date of approval and issue. Every person to whom a permit has been issued shall keep such permit conspicuously posted in his office or place of business. Refusal to display such permit in accordance with this Section 64 shall be sufficient reason to revoke and forfeit the permit.

For all permits issued as required by the provisions of this Section 64 (not including, however, by the term "permits" the tags otherwise referred to in said Section 64), there shall at times of issue thereof, be paid by the applicant to the Director of Health a fee of fifty dollars (\$50.00).

Nothing herein shall prevent any person engaged in the making, remaking, renovating or sale of any article herein described, which requires sterilizing and disinfecting under the provisions hereof, from having such sterilizing and disinfecting performed by any person to whom a permit for such purposes has been issued, provided the number of the permit shall appear in the statement on the tag attached to the article.

(D) All places where any article defined in Paragraph A of Section 64 is made, remade or renovated or where materials for the herein named articles are prepared, or establishment where said articles are offered for sale, or are in possession of any person with intent to sell, deliver or consign them, or establishment where sterilizing and disinfecting is performed shall be subject to inspection by the Director of Health or his duly authorized representative to ascertain whether the materials and the finished articles herein enumerated conform to the requirements of this Section 64.

(E) No person shall sell, manufacture, lease, offer to sell or lease, or have in his possession with intent to sell, lease, deliver
