

## C H A P. VII.

*Instructions and advertisements, for such as shall intend to goe, or send, to plant in Maryland.*

His Countrey of *Maryland*, lieth from *England* to the Southwest, about 1200 leagues by Sea: the voyage is sometimes performed thither in 5 or 6 weekes, but ordinarily it is two moneths voyage, and oftner within that time then beyond it. The returne from thence to *England*, is ordinarily made in a moneth, and seldome exceeds sixe weekes.

The best time of the yeere for going thither, is to be there by *Michaelmas*, or at furthest by *Christmas*, for he that comes by that time shall have time enough to build him a house, and to prepare ground sufficient to plant in the spring following. But there is conveniency of passage thither in most moneths of the yeere, and any one that will send unto Mr. *Peasleys*, or Master *Morgans* house, may there be informed of the certaine time when any of his Lordships company is to goe away, and so save the charge of unnecessary attendance here in *London*.
