

before it approves or constructs such project, such contribution to be paid in cash before construction begins or secured to the satisfaction of the Commission; and said Commission may construct any part of any approved drainage project, provided the person or company interested contributes not less than one-half of the cost thereof. After June 30, 1968 in Montgomery County, except for that portion of the City of Takoma Park now situated in Montgomery County, the said county may construct any part of any approved drainage project, provided the person or company interested contributes such share of the cost thereof as is deemed proper by said county. In Montgomery County the Director of the Department of Public Works shall include in his annual submission to the County [Manager] *Executive* of his estimates of capital projects to be undertaken, a request for an appropriation to provide sufficient funds for anticipated contribution drainage projects.

71-45 (83-96).

(a) Commission's six-year capital improvements program of water and sanitary sewerage facilities. Prior to October 1st of each calendar year, the Commission shall prepare and submit to the governing body of each county in the Sanitary District *and the County Executive of Montgomery County* a six-year projected program of capital improvements with respect to water and sanitary sewerage facilities, the same hereinafter being referred to as the Commission's capital improvements program. The Commission's capital improvements program shall include a statement of the objectives of the several projects or individual programs therein and their relationship to the long-range development plans of the respective county governing bodies, as the same shall have been designated to the Commission by the county governing body. The Commission's capital improvements program shall, for each project, show a projected construction schedule, an estimate of cost, and a statement of funding sources, including contributions which may be required for the effectuation of a project. The Commission's capital improvements program shall include for each major water and sewer project, the information and documentation for the six-year period therein covered which it is required to submit, to the date of the capital improvements program, under the provisions of Section 387C of Article 43 of the Annotated Code of Maryland concerning 10-year water and sewerage programs. *In Montgomery County, the County Executive shall submit his recommendations with respect to the Commission's proposed program (including any suggested amendments, revisions or modifications) to the County Council as an integral part of the comprehensive six-year capital improvements program required by the Charter for Montgomery County.* As used herein the term "county governing body" shall mean the County Council for Montgomery County and the Board of County Commissioners for Prince George's County or such governing body for each county, respectively, as may be provided by law or instrument of Charter, if adopted, and the requirements or responsibilities stated in this Section 71-45(83-96) of the county governing body shall be performed by the branch or branches of such overall county governing body as may be provided by such other law or charter.

SEC. 2. *And be it further enacted,* That this Act shall take effect on December 7, 1970.

Approved April 28, 1970
