**New Encampment.**  
The Committee who superintend the encampment at Ashler's place near the Mill Pond on the Germantown Road, about two miles from the city, respectfully inform their country friends that they stand in need of an immediate supply of vegetables and straw for the use of those distressed citizens who are dying from the present calamity. The committee flatter themselves that the same liberality will be found in the farmers, and of ours, to supply this Encampment, as has been to that on the Commonweal Schuylkill, it having the same laudable object in view.
