

- (b) Need for programmatic and budgetary adjustments;
 - (c) The results and conduct of Baywide monitoring programs;
 - (d) Establishment of annual Chesapeake Bay research priorities; and
 - (e) Maryland's participation on regional issues of Bay management.
4. The Council shall establish the appropriate procedures to seek advice on issues related to research, management and public participation.
5. The Council shall serve as a central archives for Maryland's Chesapeake Bay program and shall be provided necessary administrative and clerical services through Executive Department staff. The Council shall meet at least quarterly and may establish such working groups as may be necessary.

EXECUTIVE ORDER OF FEBRUARY 19, 1985

01.01.1985.03

STATE INTERNATIONAL TRADE PROGRAMS - COORDINATION

WHEREAS, Maryland is blessed with a diversity of resources to conduct international trade including the Port of Baltimore, a major international airport, efficient highway networks, diverse manufacturing, service, and agricultural sectors and proximity to Washington, D.C.; and

WHEREAS, Increased international trade can reasonably be expected to produce more jobs, greater wealth and improved quality of life for the citizens of this State; and

WHEREAS, Participation in international trade facilitates political cooperation among nations, cultural enrichment, educational and technological advancement; and

WHEREAS, The State Departments of Agriculture, Economic and Community Development and Transportation administer programs designed, in various ways, to promote international trade; and

WHEREAS, Additional coordination and programmatic integration among the Departments is required to improve the effectiveness of existing programs and the development of new strategies to increase international trade activities
