

(d) Any plumbing system of each parcel of abutting property that is to be served shall include at least:

(1) 1 toilet that the sanitary commission approves; and

(2) 1 washbasin that the sanitary commission approves.

(e) When the plumbing system of the property has been connected to the connector constructed by the sanitary commission, the owner of the property shall disconnect, as appropriate, each cesspool, sink drain, and privy on the property so that the disconnected component is:

(1) Closed;

(2) Abandoned; and

(3) In a sanitary condition so that no odor or nuisance can arise from it.

(f) ~~The~~ (1) EXCEPT FOR THE SANITARY COMMISSION OF WORCESTER COUNTY, A sanitary commission shall determine a connection charge that is:

~~{1}~~ (I) At least equal to the actual cost to the district of constructing the connector;

~~{2}~~ (II) Based on the length of the connector and width of the way in which the water pipe or sewer pipe is laid; and

~~{3}~~ (III) The same on each side of the way.

(2) THE SANITARY COMMISSION OF WORCESTER COUNTY SHALL DETERMINE CONNECTION CHARGES AS PROVIDED UNDER § 9-656(2)(II) OF THIS SUBTITLE.

(g) ~~-}-~~ ~~{f}~~ (1) EXCEPT FOR THE SANITARY COMMISSION OF WORCESTER COUNTY IF, the connection charges collected under this section are more than the cost of the connections made, the A sanitary commission shall:

~~-{-and-}-~~ ~~{1}~~ (I) Keep the excess revenues in a special fund;

~~{2}~~ (II) Use the fund ~~-{-only-}-~~ for repairs, replacement, and extraordinary expenses of the water system or sewer system; ~~-OR-~~.

(2) IN WORCESTER COUNTY, IF THE CONNECTION CHARGES ARE MORE THAN THE COST OF THE CONNECTIONS MADE, THE SANITARY COMMISSION SHALL:
