

(2) Has less than 6 months remaining on the sentence or less than 6 months remaining until a determined parole date, or has a sentence of 18 months or less; and

(3) Has been screened by a center staff member and after review of the screening data, the center director approves the transfer based upon screening standards agreed to by the community advisory board, the center director and the Commissioner. The screening standards shall include a presentence investigation report if available and a complete record of previous convictions.

DRAFTER'S NOTE: The inclusion of this provision is intended to resolve questions raised by the Attorney General's May 7, 1986 bill review letter to the Governor regarding the adequacy of the title of Chapter 671 (Senate Bill 452) of the Acts of 1986. That letter suggested that the title of Senate Bill 452 did not clearly reflect that the reduction of the length of sentence which qualifies certain persons to be placed by the Commissioner of Correction in a Community Adult Rehabilitation Center applies to placement in Centers statewide and not only to placement in the Cecil County Center. The title of this Curative Bill reflects the statewide applicability of the change, as shown above.
