

REVISOR'S NOTE: This subsection is new language that combines, without substantive change, former Art. 75 1/2, § 2(b) and (e)(1) and (2) and the first clause of (3).

In paragraph (3)(v) of this subsection, the former, broader reference to "general real estate practices", of which appraisal was but 1 example, is deleted. On analysis, the Business Occupations Article Review Committee determined that the appraisal of property was the only real estate practice that one might characterize as being within the practice of engineering.

The definition is stated in the infinitive form to allow minor verb variations of the defined phrase without taking these variations out of the scope of the definition.

Defined term: "Professional engineer" § 14-101

(G) PROFESSIONAL ENGINEER.

"PROFESSIONAL ENGINEER" MEANS, UNLESS THE CONTEXT REQUIRES OTHERWISE, AN ENGINEER WHO IS LICENSED BY THE BOARD TO PRACTICE ENGINEERING.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 75 1/2, § 2(c).

The former word "registered" is deleted to conform to changes in terminology made throughout this article. See the General Revisor's Note to this article.

Occasionally, the term "licensee" is used in this title as a synonym for "professional engineer". Since "license" is defined in subsection (d) of this section, "licensee" need not be defined separately.

Defined terms: "Board" § 14-101

"Engineer" § 14-101

"Practice engineering" § 14-101

(H) RESPONSIBLE CHARGE.

(1) "RESPONSIBLE CHARGE" MEANS DIRECT CONTROL AND PERSONAL DIRECTION OF THE INVESTIGATION, DESIGN, CONSTRUCTION, OR OPERATION OF ENGINEERING WORK THAT REQUIRES INITIATIVE, PROFESSIONAL SKILL, AND INDEPENDENT JUDGMENT.

(2) "RESPONSIBLE CHARGE" INCLUDES RESPONSIBLE ENGINEERING TEACHING.
