

It is the intent of the General Assembly that no further special library assistance be provided for Prince George's County libraries after fiscal 1997. The increase in the State assistance for public libraries provided by HB 43 of the 1996 session should help offset any fiscal impact incurred by Prince George's County in the future. Further, it is the intent of the General Assembly that library funding be based on the State assistance to public libraries formula in accordance with Section 23-403 of the Education Article.
