- ~~(10) (3) Academic Building at St. Mary's College.~~
- ~~(11) Banneker Hall Renovation at Morgan State University~~
- ~~(12) Hagerstown Barrack and Garage/Communications Building.~~

As the above listed projects are completed, the Department of General Services shall collect the actual cost data on the additional costs associated with incorporating green design and construction. This data is to be evaluated to facilitate an assessment of the cost of implementing the program statewide. Following the first and second years after construction is completed, for each project based on information derived from each project's measurement and verification program, the Department of General Services shall review: (1) the reported energy savings; (2) other savings attributable to the green building components of the project; and (3) whether incorporating green building components is beneficial for all types of projects. Further, for those projects not listed above but included in the fiscal 2004 Capital Improvement Program with an approved total project cost estimate that includes specific funds for green design and construction, the green design and construction cost elements shall be deleted from the total project costs. The Department of Budget and Management shall adjust each project's funding requirements to reflect the deletion of those costs in the subsequent funding years.

SECTION 12. AND BE IT FURTHER ENACTED, That:

(1) The Board of Public Works may borrow money and incur indebtedness on behalf of the State of Maryland through a State loan to be known as the Community Based Regional Initiatives Loan of 2004 in the total principal amount of \$12,700,000. This loan shall be evidenced by the issuance, sale, and delivery of State general obligation bonds authorized by a resolution of the Board of Public Works and issued,
