

substituted for the former obsolete reference to a "public dump" for clarity and in conformity with EN § 9-204.2.

In the introductory language of subsection (d) of this section, the former reference to meeting Fire Prevention Code "requirements" is deleted as included in the reference to meeting the Fire Prevention "Code" for brevity.

In subsection (d)(1) of this section, the reference to fire extinguishers being "kept" is substituted for the former reference to fire extinguishers being "located" for clarity.

Also in subsection (d)(1) of this section, the reference to "each" building is added for clarity.

In the introductory language of subsection (e)(1) of this section, the reference to an individual who has "signed into a log and has stated in writing" is substituted for the former reference to an individual who has "signed in, stating" for clarity.

In subsection (e)(2)(i) of this section, the reference to "the log of visitors to the fireworks plant" is substituted for the former reference to "[a] record of these visits" for clarity.

In subsection (e)(2)(ii) of this section, the reference to "[a] licensee ... mak[ing] the log available for inspection" is substituted for the former reference to a record being "subject to inspection" for clarity and to clarify who is responsible for compliance.

In subsection (f)(1) and (2) of this section, the references to "security guard" are substituted for the former obsolete references to "watchman" for clarity.

Defined terms: "Explosive composition" § 10-101

"Fireworks plant" § 10-101

"Pyrotechnic composition" § 10-101

"State" § 1-101

10-208. TESTING OF FIREWORKS.

(A) IN GENERAL.

A LICENSEE MAY TEST FIREWORKS OR THEIR COMPONENTS ONLY IN AN AREA THAT IS:

(1) SET ASIDE FOR THAT PURPOSE; AND

(2) LOCATED AT A SAFE DISTANCE FROM ANY FIREWORKS PLANT BUILDING OR OTHER STRUCTURE, CONSIDERING THE NATURE OF THE MATERIALS BEING TESTED.

(B) EXPERIMENTAL TESTING.
