

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 48, § 172(a), (c), and (e) and the second clause of the first sentence of § 168(a).

In the introductory language of subsection (b) of this section, the former reference to the subtitle not applying to "the following boilers and pressure vessels" is deleted as inaccurate because not all the exemptions listed are types of boilers or pressure vessels.

Defined terms: "Boiler" § 12-901

"Pressure vessel" § 12-901
