My dear Sir

It is my very earnest desire and anxious wish that you would come to Annap. I am satisfied you could render very great & a most essential service to our State, however I will not press you to grant that unimportant collection which you think you can refuse to a whole province.

I beg the favor of you to enclose your remarks on our draft of Governor & Bill of Rights (together with the bill of Rights) by this post.

I wish you the Blessings in this life, I am with great sincerity,

Your affect & obedt
servt

Saml Chase
