

# Dr. M'Keldin

It Will Be <sup>f-17-1</sup>  
Eve. Sun

As of Friday morning, former Mayor Theodore Roosevelt McKeldin's friends can start calling him "Doctor" **AUG 17 1949**

Mr. McKeldin hasn't become a surgeon or, even a chiropractor; he's getting an honorary LL.D., or "doctor of laws," from Rider College, in Trenton, N.J.

The only hitch is, he has to make a speech at the Rider commencement. Political observers recalled, however, that a speech has never been a hitch to Mr. McKeldin.
