Friday Morning

I did not finish my letter yesterday owing to Mr Chuw and family's coming in Miss Betty and Ann Maria Love and Miss Charry are with us - I think Elizabeth is better this morning but on the whole I think she is pretty much as she was when you left home the rest of the family are as well as usual except little Henry who has been pretty sick from the cough he seems much better this morning. I should like to know how you are when you write to me. I have no news and will conclude my letter - fearing you will hardly make it out the family all join me in love to you

Your affectionate Mother

Eliza Thomas

Dear Brother,

As Ma has left a large space unfilled, I will take advantage of that and a leisure moment to acknowledge your letter of this morning. I wrote you by Martha but she was disappointed in return

It matters not if she cannot

I gave Martha directions about

not purchase it.
