# INAUGURAL MESSAGE FROM GOVERNOR MARTIN O'MALLEY

On behalf of the O'Malley and Brown families, thank you for joining in today's inaugural celebration.

As One Maryland, we have choices to make about our shared future. Already possessing the strength, we must now find again the will. Between the perils and possibilities of our present, we must take responsibility for choosing a better, stronger future for our children and theirs.

Together, we can do this as we have before – with respect for one another, with truth about ourselves and the problems we face, and faith in our ideals as a people. And in so choosing, we can again lead our country into yet another chapter of the American Revolution – a revolution based on the dignity of the individual and powered by our shared responsibility to advance the common good.

So let us begin anew.
