Gilpin in full of all accounts & dealings
preceeding this date, a statement
of which I rendered him

3m/10

I have this day given Charles
 B. Wuttors a Deed for exami-
 nation - and when he pays
 the balance due on his
 Note and all the Lands over
 93 acres which his bond of
 Conveyance calls for then
 he is to have the Deed -
 the balance of Land will be
 about 3/4 of an acre or perhaps
 one acre which he is to give
 \$30 p acre and Interest
 from 10th Mo 1814
 It will be found that the
 line from the Maple tree
 to stem between a Spanish
 and white oak is 87 perches
 and from thence to the
 road is 12 perches and agree-
 ably to Baamsons it is 97 1/4
 only which will make the
 difference
