**DIEBOLD CAPT. CANOT.**  
Extract of a letter written to Mr. Stockbridge, of the Fountain Hotel, Baltimore.  
Your may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of the Hampton Tincture. I have used it for several years, and I have been cured of a Chronic Inflammatory Rheumatism, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and say that even the deformed parts of my hands are fast returning to their former natural appearance.  
I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also while in New York, having tried the Thompsonian and Homeopathic remedies, after having been treated with various laxatives, cold and opiate both by the aid of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear Sir, accept of the assurance of my gratitude, and believe me your well-wisher.  
**Diebold Capt. Canot**,  
Cochin, Brachitis, Dyspepsia, &c., yielded to its gentle sway. As a female medicine, and for delicate children, we believe it has no equal. Call and get pamphlets gratis, and see certificates of many wonderful cures.

New York, April 12, 1858.  
W. E. Hagan, Esq.—Dear Sir: About five months since I bought two bottles of your Hair Coloring, and am now desirous of obtaining more, and would inquire if it would be found better to order a quantity young, turned gray, have used a number of articles for the purpose of restoring it, but did not succeed until I obtained this, which has produced the desired effect. I have been requested by a number of my friends (among them several ladies) to procure it if possible, as they are much pleased with it, for it has made a great improvement in my personal appearance. By answering this you will much oblige,  
Yours very respectfully,

**PROFESSOR WOOD**, the renowned discoverer of the valuable and restorative "HARTSHORNE'S PECTORAL SYRUP OF WILD CHERRY," continues to labor in behalf of the afflicted. His medicines are universally admitted by the American press to be far superior to all others for curing the hair on the head of the aged or going forth with much vigor and luxuriance, and with what he terms "the preparation of the hair." There can be no doubt, if we place credit in the innumerable testimonials which the Professor has in his possession, that it is one of the greatest discoveries in the medical world. It restores, permanently, gray hair to its original color, and makes it assume a beautiful texture, which has been very desirable in all ages of the world. It frequently happens that old men marry beautiful and amiable young ladies, and not unfrequently crusty old maids make victims of handsome, good-natured, and energetic men, by what is termed "the preparation of the hair."
