SOMETHING NEW UNDER THE SUN!
THE VESPER GAS LIGHT
Is a recently patented and invaluable improvement for generating gas for the million from materials in common use, and is offered to the public as the CHEAPEST and BEST LIGHT that has ever been produced: is a *substitute for Coal Gas, of* universal application, and surpassing it in simplicity and economy. The invention carries the luxury of a brilliant Gas Light into every man's dwelling at less than one half the cost of Coal Gas in the city with all the Forms and Ornamental Designs used for coal gas, without the necessity of introducing pipes through the house. The light is much more *brilliant than* Coal Gas, at an expense of one-half cent per hour, (thoroughly tested) while the expense for a complete apparatus for single burners ranges from *four to six dollars.* Call *and see them* at ROBBINS & CO.'S,

BURNETT'S KALLISTON.
In the year 1853 a few bottles of the KALLISTON were gratuitously distributed for trial. Thus a demand was created, which has constantly increased beyond precedent. Many letters have been written and statements made to the proprietors, by persons of the highest respectability, in various parts of the United States and Europe, testifying to its wonderful efficacy. Many of these are so laudatory, that if published, would seem almost fabulous.
It has been found to accomplish the following results:—
IT CLEANSES THE SKIN PERFECTLY.
IT ALLAYS HEAT.
IT ALLAYS SMARTING.
IT ALLAYS ITCHING.
IT ALLAYS INFLAMMATION.
IT REMOVES TAN.
IT REMOVES FRECKLES.
IT REMOVES SUNBURN.
IT REMOVES REDNESS.
IT REMOVES ROUGHNESS.
IT REMOVES DANDRUFF.
IT CURES CHAPPED HANDS.
IT RENDERS THE SKIN FAIR.
IT RENDERS THE SKIN SMOOTH AND MOIST.

TESTIMONIALS.
The proprietors are permitted to copy the following extract from a letter written by a lady from Vienna:
* * * "We have been constantly on the move now for many weeks, and hope to reach Paris in time for the baptismal fete. At any rate, I look forward to our arrival there as a period of rest. As old travellers we bear the annoyances and privations *incident to journeying with composure*, but I have suffered more from the exhaustion of my supply of *Kalliston* than from any other cause. If any good friend should be coming out here do pray send me enough to last until I get home again. You can have no idea of the relief and comfort it brings when one is suffering from exposure. I have tried other 'appliances,' but have found nothing that will compare with it for efficacy or agreeableness."
MARLBORO', Mass., July 11, 1856.
MESSRS. JOSEPH BURNETT & Co.:—*Gents:* The package of Kalliston came to hand last evening, and I am glad to have an opportunity to state to you how much we value it. My family have used it *almost daily for more than two years*, and now they think they cannot do without it.
A single application has repeatedly removed the freckles from the face of my little boy, leaving his skin smooth and fair. And in cases of sunburn or irritation of the skin, from whatever cause, it has thus far proved itself a perfect and very pleasant remedy.
I can, if you desire it, refer you to several cases of obstinate cutaneous disease, in which I know the Kalliston has had a wonderfully good effect; one in *particular, the daughter of Mr. P——, one of my* neighbors, had suffered for many years, from eruptions and painful inflammation of the skin, (probably the effect of bad vaccine virus,) leaving it in several places puckered and quite red. A few weeks ago I recommended to him your Kalliston; he has since informed me that the effect of its use has been very marked, and beneficial; that the skin has become *soft and smooth*, and the inflammation and redness has nearly disappeared.
I owe it to you to state that I did not believe in the efficacy of any cosmetic until I tried your Kalliston, and I cheerfully give my testimony in its favor. Yours, respectfully, J. M. BOYD.

Letter from a distinguished Physician in Massachusetts.
MESSRS. JOSEPH BURNETT & Co., BOSTON—*Gents:* Agreeably to your request, I have carefully examined the formula which you employ in the manufacture of the article to which you give the name of BURNETT'S KALLISTON, and I am happy to say that I find the *ingredients comprising it to be such* as medical men would approve of, for ameliorating the condition of the skin in cutaneous affections.
The combination is entirely judicious and compatible, and well calculated to promote a healthy condition of the skin.
Respectfully yours. * * * *

HOPKINS' CHALYBEATE WATER.
This is the title of a MINERAL WATER obtained from a well upon the farm of Mr. Wm. Hopkins, in Baltimore county, Md., within 15 miles of the city of Baltimore, and one mile of the Philadelphia, Wilmington and Baltimore Railroad. The well was dug in 1855, and is 80 feet deep, the water *standing within 9 feet of the surface of the earth.*—Numerous experiments made in order to test the supply of water, only confirm the opinion that it is inexhaustible.
The soil in which the well is dug is a tenacious Red Clay, variegated with frequent strata of Magnesia Earth, and the water rises through the original Sand Stone Rock. Its temperature when drawn from the well is 52 deg. Fahrenheit.
This water has been extensively used for invalids for nearly two years, and has acquired great celebrity as a *curative* in Dyspepsia, loss of Appetite, Indigestion, Extreme Debility, and in various Atopic and Anemic conditions, through the instrumentality of those who have been signally benefited by its use.

Its most prominent ingredients according to a recent qualitative analysis are.....	CARBONATE OF PROTOXYD OF IRON, and FREE CARBONIC ACID GAS.
it also contains—.	CARBONATE OF MAGNESIA, CHLORIDE OF MAGNESIUM, *CHLORIDE OF POTASSIUM,* CHLORIDE OF CALCIUM, CARBONATE OF LIME, *a trace,* Sulphur.

And what is very remarkable, *no Sulphur.*
A Water combining such ingredients will at once be recognized by Physicians as a valuable Remedial Agent, and being pleasant to the taste, and no ingredients contra-indicating its use as a common drink, it will doubtless become a popular Beverage.
DIRECTIONS FOR USE.
The entire contents of a bottle may be drank before breakfast, and *the same quantity*, if desired, before dinner or at bed-time; thus used it has been found to give tone to the stomach, and to improve digestion to a remarkable extent.
The opinions of some our most eminent Physicians, and other prominent citizens are annexed, and will abundantly establish what is above stated.
CERTIFICATES AND TESTIMONIALS.
To J. V'D STEWART.—Esteemed Friend:—I have a very favorable opinion of the Hopkins' Chalybeate Water, and believe it to be well adapted to *many cases of Dyspepsy, Chlorosis, Anemia* and General Debility.
Respectfully, RICH'D H THOMAS, M. D.,
Professor in University of Maryland.
Baltimore, 4th mo., 1857.
