A MESSAGE FROM GOVERNMENT HOUSE

The people of Maryland are happy to send you this 1955 edition of their Official State Highway Map.

Each year Maryland is adding many miles of modern new highways to its already fine system of roads. We are also improving many existing roads and are adding modern traffic interchanges, picnic areas, and other features for your safety and convenience.

Our new Chesapeake Bay Bridge is a marvel of the times. It provides a quick passage across the Chesapeake Bay and an unsurpassed view of that beautiful body of water. Within a few years our projected tunnel under Baltimore Harbor—an outstanding engineering achievement—will be a reality.

The people and the Government of Maryland cordially invite you to make use of these facilities which they have provided for your safety, your comfort and your convenience.

We have done everything possible to make our roads safe and attractive. Please show your appreciation of our concern for your safety by driving carefully and observing our highway safety rules. Please also respect our laws against littering our public highways with trash. Help us to keep Maryland's roads and picnic areas clean and beautiful.

There is much to see in Maryland. It is "America in Miniature—The Heart of History Land." We welcome you and hope you will enjoy seeing and loving Maryland as we do.

Cordially,

THEODORE R. McKELDIN
Governor of Maryland
