A motion was then made and seconded, to strike out the words "three fourths," and in lieu thereof, insert three-fifths; and the question to agree to this amendment was lost.

A motion was then made and seconded, to reconsider the first motion, to strike out "three fourths," and insert "one half;" which being agreed to, the question to agree to this amendment was resolved in the affirmative.

April 14. The delegates for the state of Pennsylvania, laid before Congress, an act passed pursuant to the act of Congress of the 18th of April 1783, by the legislature of that state, on the 23d of September 1783, entitled, "An act for levying a duty on certain enumerated articles, and an impost of five per cent. ad valorem on all other goods, wares and merchandize, imported into this state; and a tax upon real and personal property, for the discharge of the debts of the United States of America, agreeable to the act of Congress therein recited, and for other purposes therein mentioned.

At a meeting of the stockholders of the Pennsylvania bank, on Monday the 15th of last month, it was determined by a considerable majority, to withdraw their petition to the general assembly for a charter, and to accept the terms offered them by the bank of North America.

The honourable the senate of the state of New-York, on the 16th of April last passed a resolve, (with only two dissenting voices) to present Mr. Thomas Pinckney, with a farm in Westchester county, as an acknowledgment, on the part of this state, "for the eminent services rendered by him to the United States of America in the progress of the late war, and as a testimony of the sense which the people of this state entertain of his distinguished merit."

Late London papers mention, that in the Irish house of commons, the bill to amend defects in the representation being read a second time, general Flood moved, That it be committed; when, after much debate, the bill was thrown out by a majority of 74, there being for it 85, and 59 against it—that the right honourable William Pitt, Esq; is elected a member to represent the university of Cambridge in parliament—and that Mr. Fox was likely to lose his election for Westminster.

FORTY DOLLARS REWARD.  
May 21, 1784.

RAN away from the subscriber, living in Prince-George's county, on the night of the 19th instant, a very likely well made negro man named POMPEY, five feet five inches high, 24 or 25 years of age, and had on a small round felt hat almost new, an old blue jacket, and the body of an old purple broad cloth coat for a waistcoat, short lapped, with three button holes in each of them, an old pair of white Welch cotton breeches, and another pair of blue cloth of the same stuff as his jacket, with old shoes with strings; his right hand was burnt when an infant, which has caused a contraction of all the fingers, particularly the thumb and fore-finger, which, if noticed, will readily lead to a disfigurement of the person; he was born and brought up in Talbot county, where he has several relations living, and it is probable he will endeavour to get across the Bay, either at Annapolis or Baltimore, go round by the Head of Elk, or proceed towards Philadelphia, and attempt to pass for a freeman. He carried with him a chestnut sorrel horse, full 15 hands high, has a small star in his forehead, his tail is long docked and nicked, he trots and gallops, has a gay carriage, and hath been lately shod before; the fore part of his hind hoofs is much worn by striking them against the heels of his fore shoes; the hair is off his fore parts in several spots, occasioned by a surfeit; I got him at Annapolis from colonel Kent, of Queen-Anne's county, who I believe bred him; this horse is well known by Mr. James Williams in Annapolis, and several other gentlemen; he was rode away in a half curb bridle almost new. I will give twelve dollars for the negro and eight for the horse, as a reward, if taken up in Maryland and brought home, with reasonable charges; and the above reward, or in proportion for either, if taken out of the state and brought home, with reasonable charges. All masters of vessels and others are requested to apprehend him, and not to harbour him or carry him off.

JOHN THO. BOUCHER.  
Note, If the negro is taken up and secured in any gaol, so that I get him again, the taker up shall be entitled to a proportion of the forty dollars reward.
